

Student Presentation

As part of Activity 1, students are required to prepare a presentation. Each team will have 10-15 minutes for the presentation. Please ensure that you cover the following key elements from the previous two parts (Commentary + Overview):

1. Introduction:

- Briefly introduce the purpose of your presentation.
- Establish a clear connection to the assigned readings (**Commentary**) and course objectives.

2. Health System (Overview):

- Provide a concise summary of the selected country's health system and mention the differences/similarities with the other two countries.
- Highlight key stakeholders, structures, and major components.
- Apply classifications discussed in readings to categorize relevant health indicators.
- Identify areas of strength and areas requiring improvement.
- Discuss potential policy implications derived from identified health system indicators.
- Include optional components.

3. Conclusion:

- Summarize key findings and insights.
- Reinforce the relevance of your presentation to the course objectives.

4. Q&A and Discussion:

- Based on your findings, prepare topics for discussion
- Allow time for questions and discussion.

Deadline to be uploaded to Moodle: on the day of the presentation, i.e. **Wednesday 6, 13, or 20 March, 23.59 (Prague time)**.
