- Via email or moodle (presentations, homeworks)
- Possible via skype (jan.p.7): On Wednesdays 13:00-14:00

# Homework from Thursday: To Deliver via moodle or email

## Olympics - A Controversial Issue

- Write a short text about a controversial issue regarding the Olympics. It has to be an existing or a real one.
- It can be a general one (doping, corruption,...) or a specific one, e.g. regarding any existing Olympics (from the past and/or close future - place and date have to be officially known).
- You can take inspiration from the presentation n. 4 of the Summer Semester (in Uvod and in annex).
- Upload/send an own text (.odt, .docx, .rtf, or .pdf), Times New Roman, size 12, 1.5 lines, of more than one page, max three pages.
- The content and grammatical correctness of the text shall be regarded - do not use any translator (they do it incorrectly).
- Use references and make a list of references at the end (not calculated in the limits above). Try to follow the advice from <https://ftvs.cuni.cz/FTVS-161.html>.
- Time limit for uploading: the 23rd of March, 2020.

# Your Presentations

- Upload your presentations, both in an open file (pptx or similar) and pdf.
- Please, put used sources (also for pictures) at the slides or at the end of the presentations. (Correct) links are sufficient.
- Everyone uploads/sends one presentation. Use the names of the authors in the presentation.
- If you upload/send also more information (text documents, spreadsheets, etc.), it might be calculated into the grading.
- Deadline: The 30th of March, 23:00
