

## **PASS VIDEOS – Administration & Scoring**

There are 2 videos for each task . . . one video is an “administration” video that demonstrates set up and administration of the task – it is CLEAN – the client does the task independently, safely and adequately without any assistance. The second video is a “scoring” video – the client needs some level of assistance to perform the task and/or has safety issues and/or has problems with adequacy (process/quality).

NOTE: One video includes 3 tasks – Bill Paying, Checkbook Balancing, and Mailing; one video includes 4 tasks – Oven Use, Stovetop Use, Sharp Utensils, and Clean Up after Meal Prep.

See the “PASS\_HOME\_Version 4-1\_10-01-16\_Video Scoring” file for observations/ratings/scores for the “scoring” videos.

### **Administration Videos**
