## Task # H1: FM: Bed Mobility

HOME CONDITIONS: Bedroom area and

1. Bed, "as is"
2. Towel available to place on bed
3. Client, positioned in line with the foot of the bed, 2 feet out from the side, facing the bed

### HOME INSTRUCTIONS:

"I need to have you show me how you get into bed, move in bed, and get out of bed. I have placed a towel on the end of the bed, so don't worry about your shoes."

(NOTE: If Client is wearing glasses, have the Client remove them and place them in a safe location)

"Now, please stand here." [Point, 2 feet out from the foot of the bed]

"Now, show me how you get into bed." [Wait for response]

"Now, turn . . .

[depending on how Client is positioned ask client to turn to the opposite side, e.g.,]:

\*\*\*from your back to your stomach."

\*\*\*from your stomach to your back."

\*\*\*from your right side to your left side."

\*\*\*from your left side to your right side."

"Now, show me how you get out of bed and stand up by the bed." [Wait for response]

SCORE	INDEPENDENCE	SAFETY	ADEQUACY	
			PROCESS	QUALITY
3	No assists given for task initiation, continuation, or completion	Safe practices were observed	Subtasks performed with precision & economy of effort & action	Optimal (performance matches the quality standards listed in each subtask)
2	No Level 7-9 assists given, but occasional Level 1-6 assists given	Minor risks were evident but no assistance provided	Subtasks generally performed w/ precision & economy of effort & action; occasional lack of efficiency, redundant or extraneous action; no missing steps	Acceptable (Performance, for the most part, matches or nearly matches the quality standards listed in each subtask)
1	No Level 9 assists given; or occasional Level 7 or 8 assists given; or continuous Level 1-6 assists given	Risks to safety were observed and assistance given to prevent potential harm	Subtasks generally performed w/ lack of precision and/or economy of effort & action; consistent extraneous or redundant actions; steps may be missing	Marginal (Performance, for the most part, does not match the quality standards listed in each subtask)
0	Level 9 assists given; or continuous Level 7 or 8 assists given; or unable to initiate, continue, or complete subtask or task	Risks to safety of such severity were observed that task was stopped or taken over by assessor to prevent harm	Subtasks are consistently performed w/ lack of precision and/or economy of effort & action so that task progress is unattainable	Unacceptable (Performance does not match the quality standards listed in each subtask, perhaps with few exceptions)

## Task # H2: FM: Stair Use

### HOME CONDITIONS:

1. Flight of stairs
2. Client, with shoes on, positioned at the bottom of the stairs
3. Safety belt available if needed

### HOME INSTRUCTIONS:

[NOTE: Based on the home arrangement, use the directions in the order that is appropriate. Follow the Client up the stairs using the safety position; precede the Client down the stairs using the safety position. If Client shows any signs of weakness or instability, use a safety belt].

"Show me how you walk up the stairs, and when you reach the top, turn around and face the stairs and wait for me. Do you know what you are to do?" [Wait for response]

"Show me how you walk down the stairs, and stop when you reach the landing. Do you know what you are to do?" [Wait for response]

### Task # H3: FM: Toilet Mobility and Management

HOME CONDITIONS: Bathroom area and

1. Toilet, "as is"
2. Elastic-waist shorts (extra-large size) available if needed
3. Client positioned facing the toilet

#### HOME INSTRUCTIONS:

"Now let's go into the bathroom to assess morning care activities." [Wait for Client to locate bathroom]

[As Client enters the bathroom] "For this task you do not need to remove your clothing, however, if you do not wish to lower your pants/slacks here is a pair of shorts you can put over your pants/slacks before you begin. Do you know what you are to do?" [Wait for response]

"First I'd like you to show me how you manage clothing as you prepare to sit down on the toilet." [Wait for response]

"Now show me how you sit down on the toilet and how you reach for and gather toilet paper. Put the toilet paper into the toilet as you normally would. Do you know what you are to do?" [Wait for response]

"Now show me how you get up from the toilet and pull up your clothing." [Wait for response]

SUMMARY SCORES

#### Task # H4: BADL: Oral Hygiene (Teeth only, Dentures Only, Dentures & Teeth, No Teeth or Dentures)

HOME CONDITIONS: Bathroom area and

1. Client's own oral hygiene materials\*
2. Client positioned in front of bathroom sink

\*Have denture tablets available as a replacement in case Client is hesitant to use own tablets for the assessment

\*Have denture fixative available to squeeze onto a paper towel if Client needs it to secure dentures again

#### HOME INSTRUCTIONS:

"I am going to have you show me how you do your oral hygiene. Do you have your own teeth or dentures? [If dentures, "Do you have both lower and upper dentures?"]

#### HOME SPECIFIC INSTRUCTIONS:

Teeth Only. "Show me how you care for your teeth. Do you know what you are to do? Do you have everything that you need?" [Wait for response]

Dentures Only. "Show me how you care for your dentures. If you soak your dentures, just let them soak for a few minutes. Do you know what you are to do? Do you have everything that you need?" [Wait for response]

Dentures and Teeth. "Show me how you care for your teeth and dentures. If you soak your dentures, just let them soak for a few minutes. Do you know what you are to do? Do you have everything that you need?" [Wait for response]

No teeth and no dentures. "Show me how you usually care for your mouth. Do you know what you are to do? Do you have everything that you need?" [Wait for response]

## Task #H7: BADL: Dressing

HOME CONDITIONS: Bedroom area, and

1. Closet or dresser

NOTE: If Client is wearing an upper extremity garment that meets these specifications, he/she may doff and don it

NOTE: If Client is wearing a lower extremity garment, such as underpants, shorts, or slacks, he/she may doff and don it

2. Elastic-waist shorts (extra-large size) available if needed
3. Client's own shoes and socks
4. Client fully dressed except for shoes and socks

### HOME INSTRUCTIONS:

"The next task involves dressing. I need to see how you put on and remove upper body and lower body clothing. I need you to get [NOTE: list as appropriate, based on what client is wearing] a pair of slacks, shorts, or pants, and a cardigan sweater or top with front-opening buttons.] If you don't have a pair of slacks I have a pair of shorts you can use." [Wait for response, and if affirmative, hand to Client]

"First, put on the pants [Point to pants/shorts on bed]. Next, put on and button this top [Point to sweater/jacket on bed]. Do you know what you are to do?" [Wait for response]

"Now, take off the pants and sweater and put your socks/stockings and shoes back on." [Wait for response]

### ALTERNATE INSTRUCTIONS, IF CT IS WEARING A CARDIGAN OR BLOUSE WITH BUTTONS AND SLACKS/PANTS:

"The next task involves dressing." I need to see how you put on and remove upper body and lower body clothing."

"Since, you are wearing a sweater/blouse and slacks, if you wish you may simply take both of them off and then put them on again, [including buttoning the sweater] rather than using our shorts [Point to shorts]. Which do you prefer? [Wait for response. If Client chooses to use assessment clothing, give directions above.] Start by removing your slacks, then your sweater/blouse. Do you know what you are to do?" [Wait for response]

"Now, put on your slacks and sweater/blouse and put your socks/stockings and shoes on too." [Wait for response]

## Task # H8: IADL-C: Shopping (Money Management)

### HOME CONDITIONS: Table and

- 8 unopened boxes, with local prices marked on the top of each box as follows:
  - 1 (10 oz) box Brand B Chopped Broccoli
  - 1 (10 oz) box Brand B Green Beans (French Style)
  - 1 (10 oz) box Brand A Green Peas
  - 1 box Brand B Chopped Spinach
  - 1 (10 oz) box Brand B Petite Green Peas
  - 1 (10 oz) box Brand A Chopped Broccoli
  - 1 (10 oz) box Brand B Green Beans (Cut)
  - 1 (10 oz) box Brand C Broccoli Spears in Butter Sauce
- Envelope with 5 coupons; one coupon matches one of the frozen items (no other matches); matching coupon is 3<sup>rd</sup> coupon in envelope
- Wallet with change purse, containing \$12.60 in real money in the following denominations:
 

In the wallet section: 5 - \$1.00 bills, 1-\$5.00 bill      In the coin section: 4-Quarters, 10-dimes, 10-nickels, 10-pennies
- Typed grocery list that includes:
  - 1 box Brand A Chopped Broccoli (coupon item)
  - 1 box Brand B Chopped Spinach
  - 1 box Brand A Green Peas
  - 1 box Brand B Green Beans
- Grocery receipts (can be printed front to back); one receipt includes "Brand B Green Beans (French Style)" and the other receipt includes "Brand B Green Beans (Cut)".
- Client seated at table with boxes arranged from left to right in the order given in #1 above; the grocery list and wallet are positioned in front of the boxes.

### HOME INSTRUCTIONS:

"Next we have a grocery shopping task for you to do."

"Here is a grocery list [Point to list]. Please select the items on the list from those on the table. Do you know what you are to do? Do you have everything that you need?" [Wait for response]

Keep selected boxes in front of Client; push others aside

"Here is the grocery store receipt for the 4 items on the grocery list [Hand Client appropriate receipt]. Pay me the exact amount for the groceries with the money in this wallet." [Point to wallet, then hold hand palm up and wait for response]

"The next shopping task includes coupons."

"There are several food coupons in this envelope [Hand client envelope with coupons]. Check to see if any of the coupons match the items you purchased [Motion to 4 items]. If they do, use the coupons and this money [Hand client \$2.00] to pay for just the coupon items. I will then give you change. Do you know what you are to do? Do you have everything that you need?" [Wait for response]

[When Client gives you the Brand A Chopped Broccoli, the coupon for 10 ¢, and \$1.00, give the Client 1 quarter and 1 dime (35 ¢)...a 1 ¢ overpayment].

"Here is your change. Did I give you the correct amount of change? [Wait for Client to count change]. How much change should I have given you?" [Wait for response]

## Task # H12: IADL-P Taking Out Garbage; Key Use (Heavy Housework)

HOME CONDITIONS: Room with a door leading out of the apartment or home, and

1. A plastic garbage sack on floor, containing the Consumer Yellow Pages, soup can, tuna & cat fish cans, muffin mix, & apple, tied so that cans cannot rotate
2. Client standing beside sack, approximately 10 feet from door [inside], holding key to outside door

**\*\*\*before testing Client, make sure that the key the Client intends to use operates the lock, so that you can get back inside**

### HOME INSTRUCTIONS:

"The next task involves carrying out the garbage. First, you need to get your house (apartment) key so that you can let us back into the house (apartment). [When Client returns with the key, ask Client to demonstrate how the lock works allowing you to make sure the correct key is going to be used]. Now, please pick up the garbage sack and carry it out the door. Then put down the sack and close the door. I will be coming with you. Do you know what you are to do?" [Wait for response, and follow Client out the door]

**Outside of door**

"Now please open the door so that we can get back into the house (apartment). I'll take the garbage sack." [Wait for response]

## Task # H14: IADL-C Medication Management

### HOME CONDITIONS: Table and

1. Seven-day medication sheet with 4 subdivisions for each day – Morning, Noon, Evening, Bedtime
2. 2 of Client's prescription medications;
  - If Client is taking only 1 medication, substitute PASS-Home child-proof lid (C-P) medication containing red vitamin pills and a typed label that reads "Take 2 with breakfast and 1 with lunch and dinner";
  - If Client is not taking any prescription medications, add the PASS-Home non-child-proof lid (N-C-P) medication containing yellow vitamin pills and a typed label that reads "Take 1 tablet with lunch and 1 at bedtime."
3. Items 1-2 on table in front of Client
4. Client seated at the table

Client has.....	Present 1st	Present 2nd
2 meds	Either med	Either med
1 med	PASS-Home C-P lid med	Client's med
0 meds	PASS-Home C-P lid med	PASS-Home N-C-P lid med

### HOME INSTRUCTIONS:

"The next task involves managing medications. Please show me where you keep your medications. [Select 2 medications to use for the assessment, preferably with different time schedules]. I need to borrow these two bottles for the next task. I will put them back as soon as we are done." [Return to the table where the task items are set up]

"Please read the prescription label and find the directions for taking this medication [Hand Client first bottle of own medication or bottle with child-proof lid and wait until Client looks up]. If you were taking this medication today, when would you have to take the next pill?" [Wait for response].

"This medication organizer is like a pillbox. It has the days of the week across the top [Point] and the time of the day [Point] along the side. Using the organizer, distribute the pills to be taken tomorrow and the following day according to the directions on the prescription label. Do you know what you are to do? Do you have everything that you need?" [Wait for response]

"Now, please read the prescription label on this bottle and find the directions for taking this medication [Hand Client second bottle of own medication or bottle with non-child-proof lid and wait until Client looks up]. If you were taking this medication today, when would you have to take the next pill?" [Wait for response]

"Again, using the organizer, distribute the pills to be taken tomorrow and the following day according to the prescription directions on the label. Do you know what you are to do?" [Wait for response]

**Tasks # H23, # H24, # H25, # H26: IADL-C: Oven Use, Stovetop Use, Use of Sharp Utensils (Meal Preparation); IADL-P: Clean up after Meal Preparation (Light Housework)**

HOME CONDITIONS: Kitchen area and

1. Electric or gas stove with oven
2. Sink, "as is"
3. Usual meal preparation utensils and supplies (e.g., spoons, spatula, bowls, oven mitt/pot holder, etc.)
4. Apple placed in refrigerator, within easy view when door is opened
5. Muffin tin for 6 muffins and muffin mix requiring only the addition of water/milk
6. Can of soup requiring the addition of water/milk\*
7. Cookie sheet on kitchen counter nearest stove, with items 5-6 stacked on it
8. Assessor holding 3 x 5 inch menu card with the following directions:  
"Muffins made with water/milk, soup made with water/milk, apple cut with knife into 8 sections with the peel removed"
9. Client facing the kitchen counter

\*Flavor and use of water/milk based on Client preference and type of soup/muffins, as well religious restrictions (e.g., Kosher)

HOME INSTRUCTIONS:

"Next, you are going to prepare a light meal consisting of muffins, soup, and fruit. You are also to clean up whatever you use."

"The muffins and the soup that you selected to prepare are on the kitchen counter [Point to the cookie sheet which is placed on the counter near the stove], except for the apple and milk\* which are in the refrigerator." [Point to the refrigerator]

[Hand Client menu card] "When you fix the muffins, you are to use the oven [Note: Not the microwave]. The muffins are to be made with water/milk and they take the longest amount of time to make. The soup is to be made with water/milk. The apple is to be cut with a knife into 8 pieces and the peel and core are to be removed. Plan the meal so that all items will be ready to eat at about the same time. When the food is ready, use your own dishes to put it on the table."

"Clean up as you go or after you are done. When the dishes are washed they are to be put in the dish drainer to air dry."

"Do you know what you are to do? Do you have everything that you need? What are you going to cook first? [Wait for response] [If response is other than "muffins", say] "Remember, the muffins take the longest amount of time because the oven has to warm up first." [If above assist is given, document a verbal non-directive for subtask 1]. [Wait for response]

Subtasks	Subtask Criteria														
1	<u>Reports correctly that muffins must be started first</u>														
2	<u>Sets oven temperature control correctly</u> (as designated on instructions)														
3	<u>Measures liquid correctly</u> (amount listed on the package)														
4	<u>Prepares muffins for oven correctly</u> (stirs until blended; greases tin or puts in paper muffin cups; fills muffin cups about 2/3 full)														
5	<u>Places food in oven correctly</u> (uses mitt; if tremor is evident or if placing between two oven racks; does not allow skin to touch racks or inside of oven door)														
6	<u>Removes food from oven correctly</u> (uses mitt/holder; does not allow skin to touch racks or inside of oven door; removes + / - 5 minutes of shortest or longest suggested baking time; no indication of inadequately heated/ cooked food or burned food)														
7	<u>Turns off oven promptly</u> (before or immediately after removal of food)														
8	<u>Removes muffins from tin onto plate correctly</u> (uses mitt/holder and knife if tin still warm; lets tin cool and then removes muffins onto plate)														
9	<u>Transports muffins to table correctly</u> (uses cart if weakness, tremor or instability present; does not spill on floor)
