Muž bez vlastnosti

Nicolas Mahler

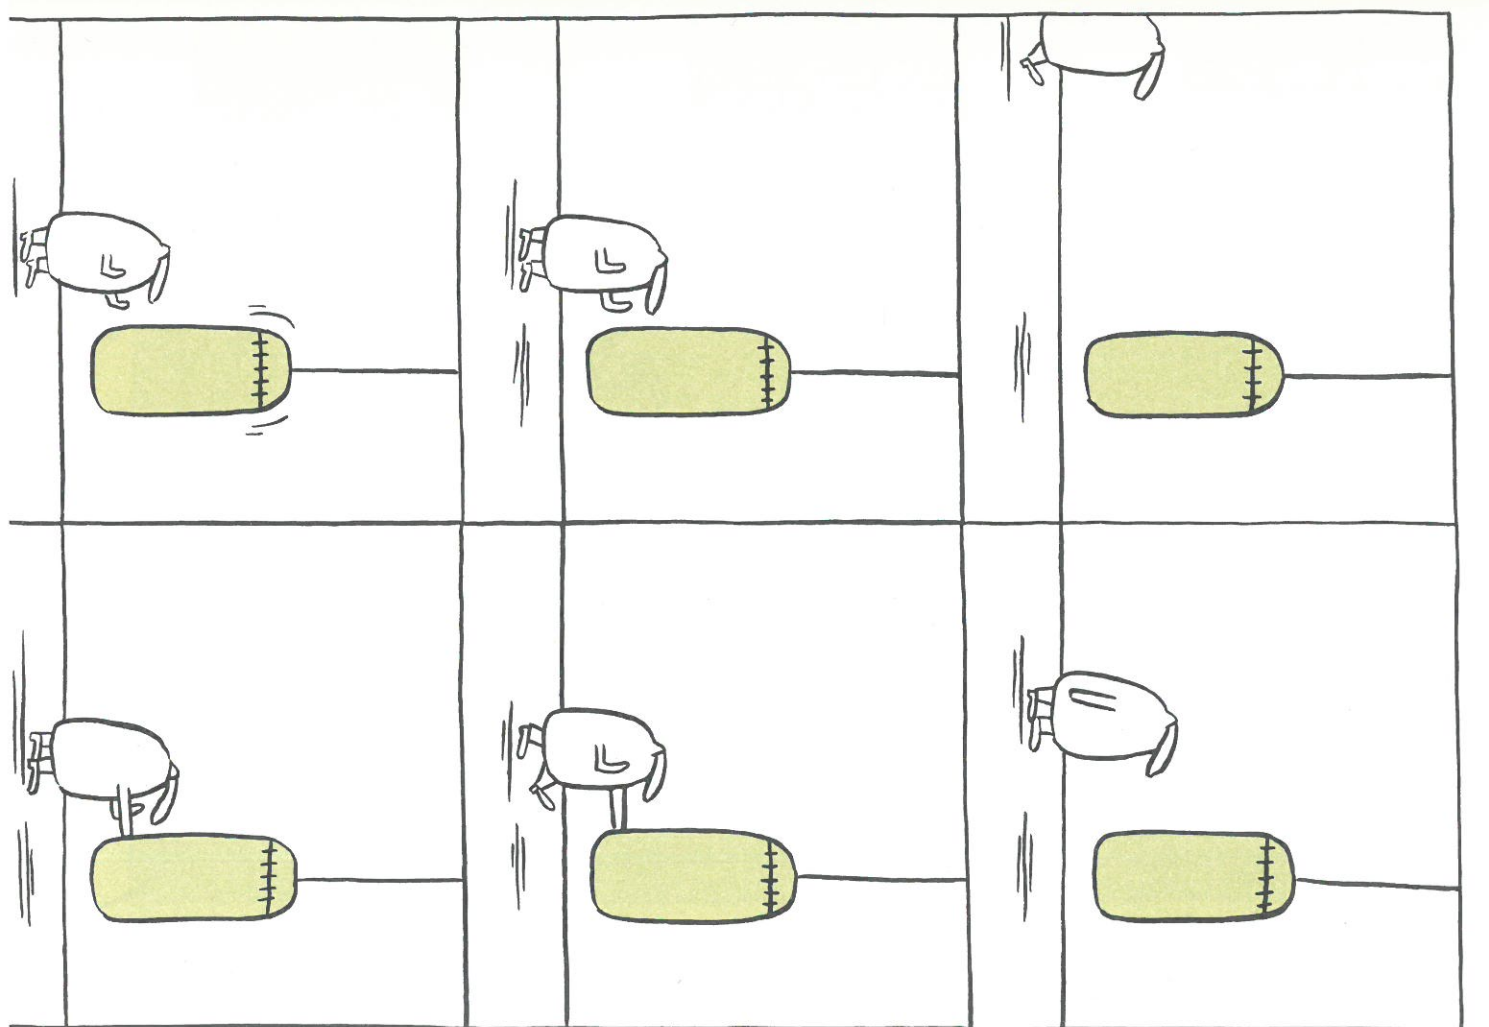

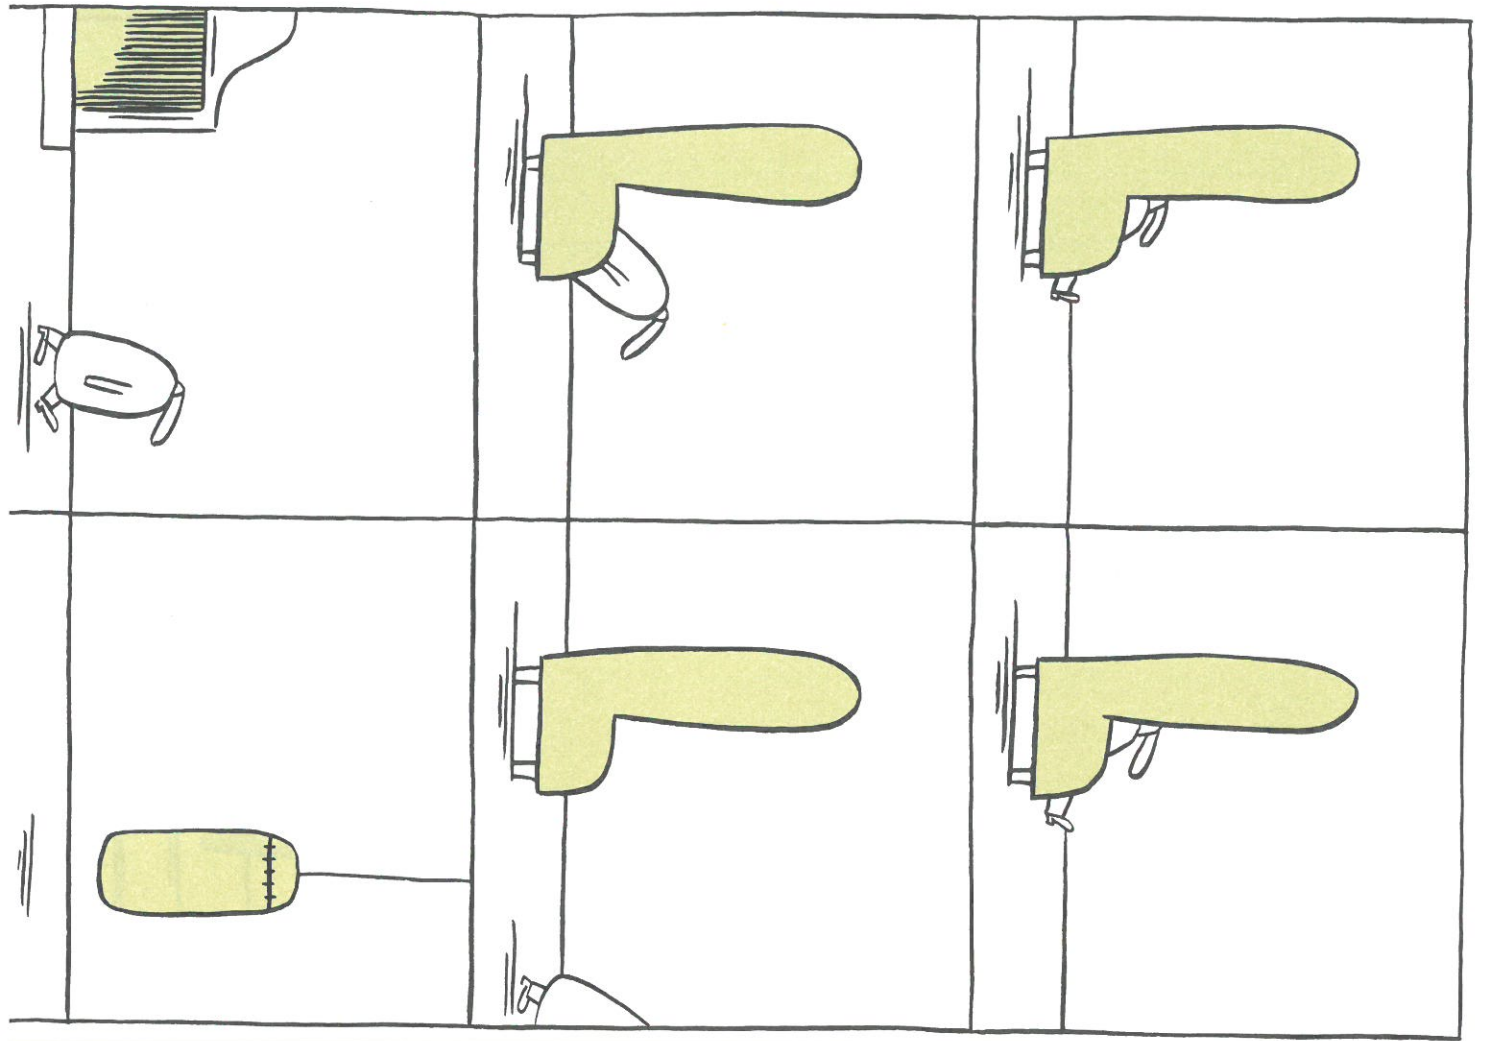

Všechno se mění z jednoho okamžiku na druhý,
každý postoj je dvojaký a bez ustání přechází
od skutečného k neskutečnému.“

Zápisky z blázince

Moosbrugger

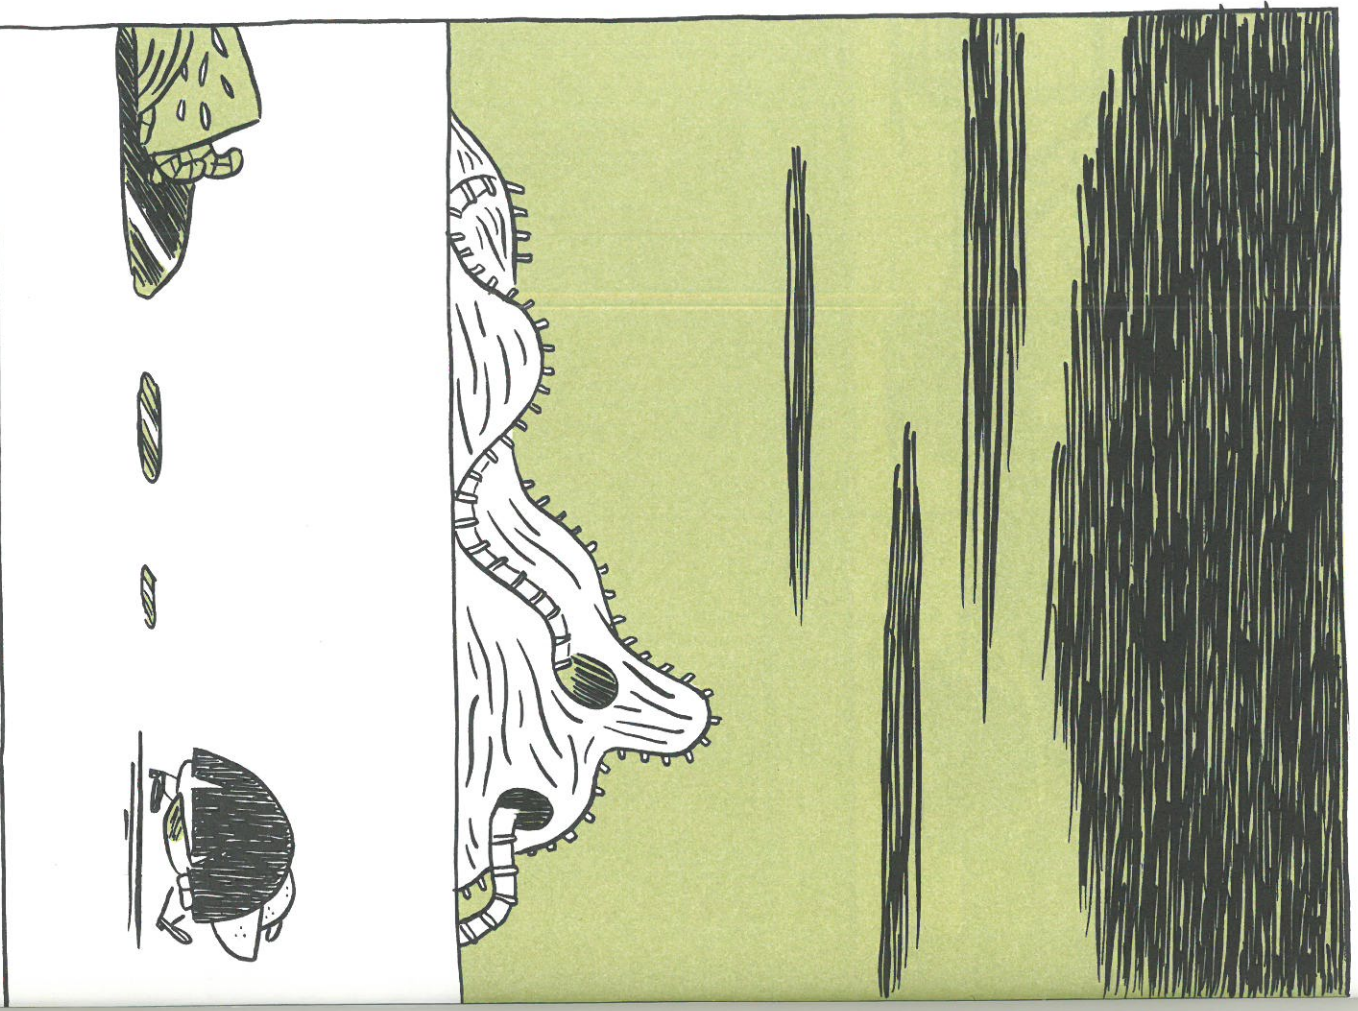

V tu dobu zaměstnával veřejnost

Celý jeho život byl jedním zoufalým,
až k popukání neobratným bojem,

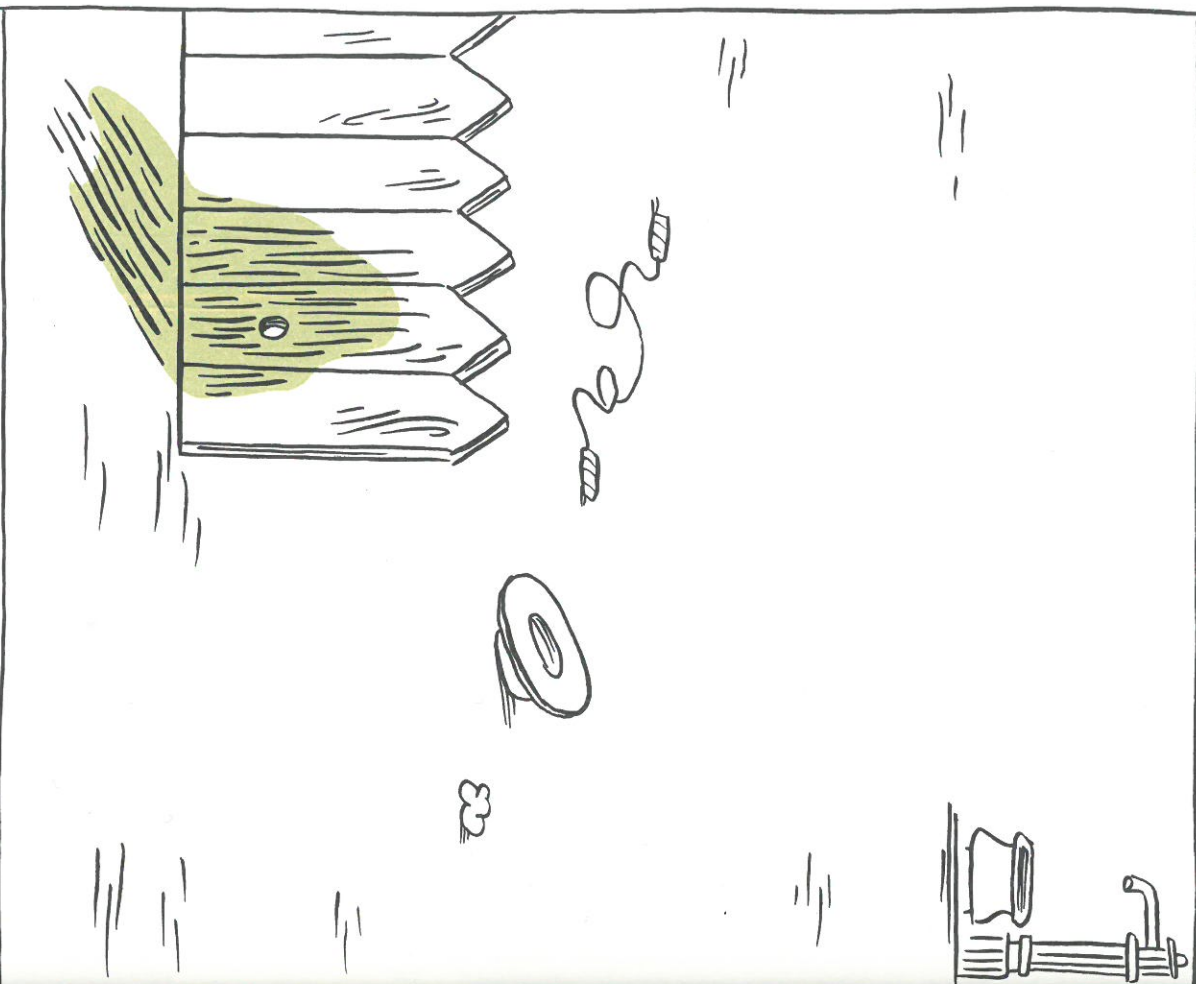

neboť všichni se spojili proti němu.

Moosbrugger byl zjevně nemocný.

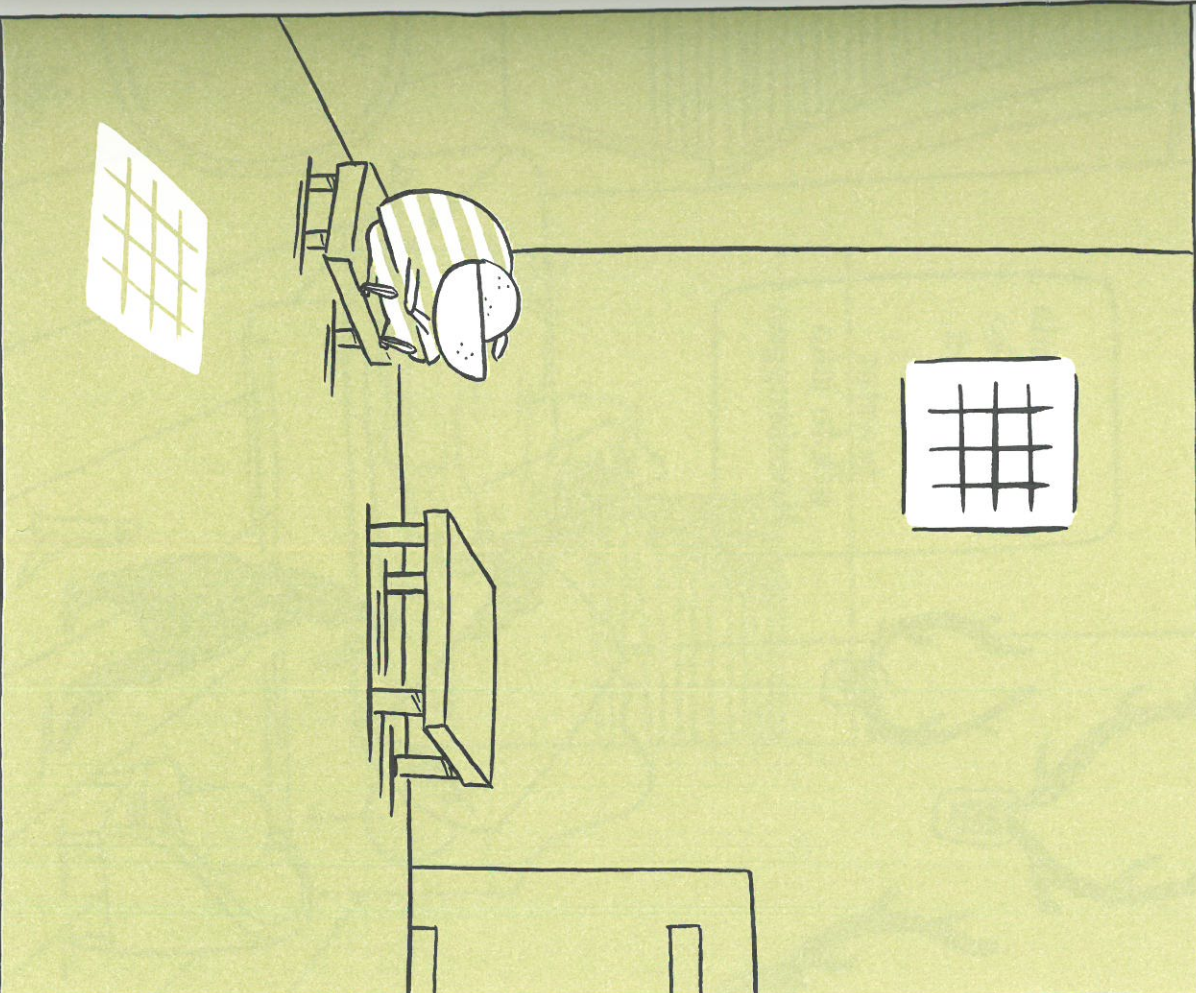

Byl to boj stínu proti zdi,

a na jeho konci Moosbruggerův stín

níž ian hrozivě nhlánel

Moosbrugger svoje činy nepopíral,

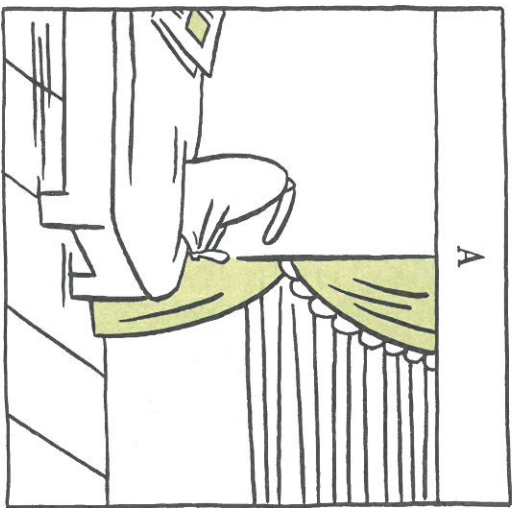

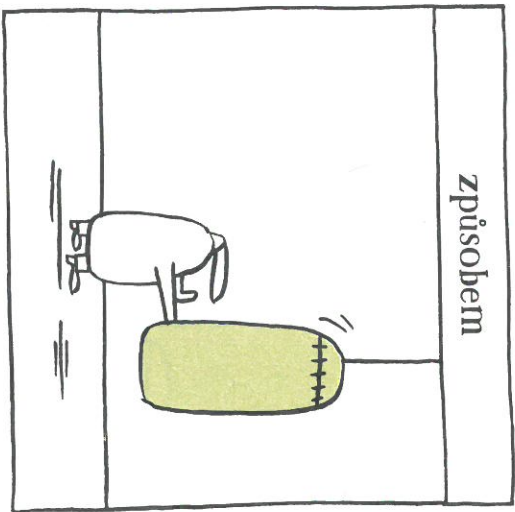

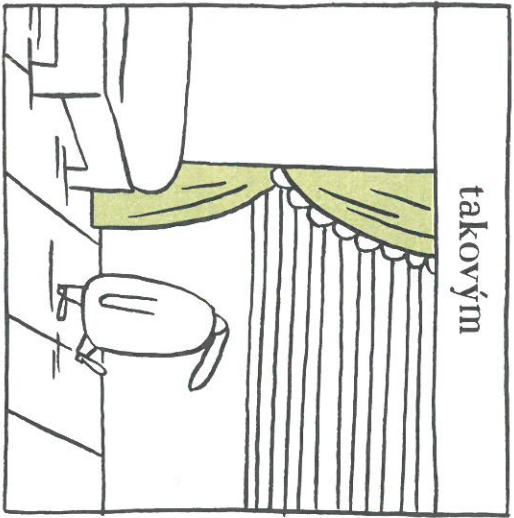

chtěl, aby byly chápány jako nešťastné události

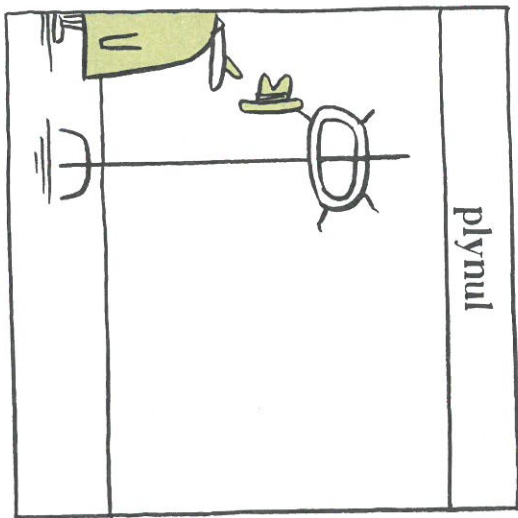

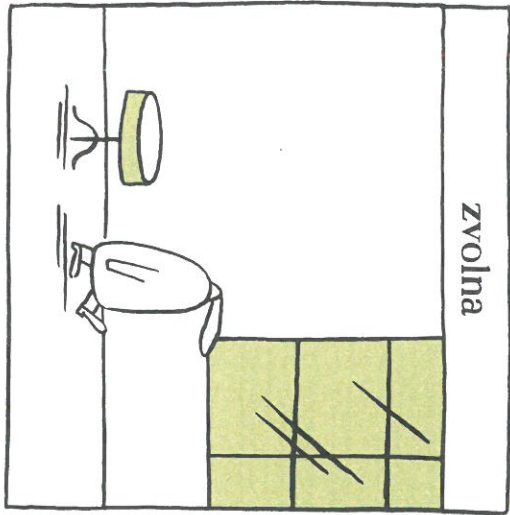

malá a nástí žirafa

Kdyby mohlo
lidstvo jako
takové snít,
musel by
povstat
někdo jako
Moosbrugger.

Podstata
a obsah
velké ideje

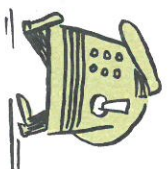

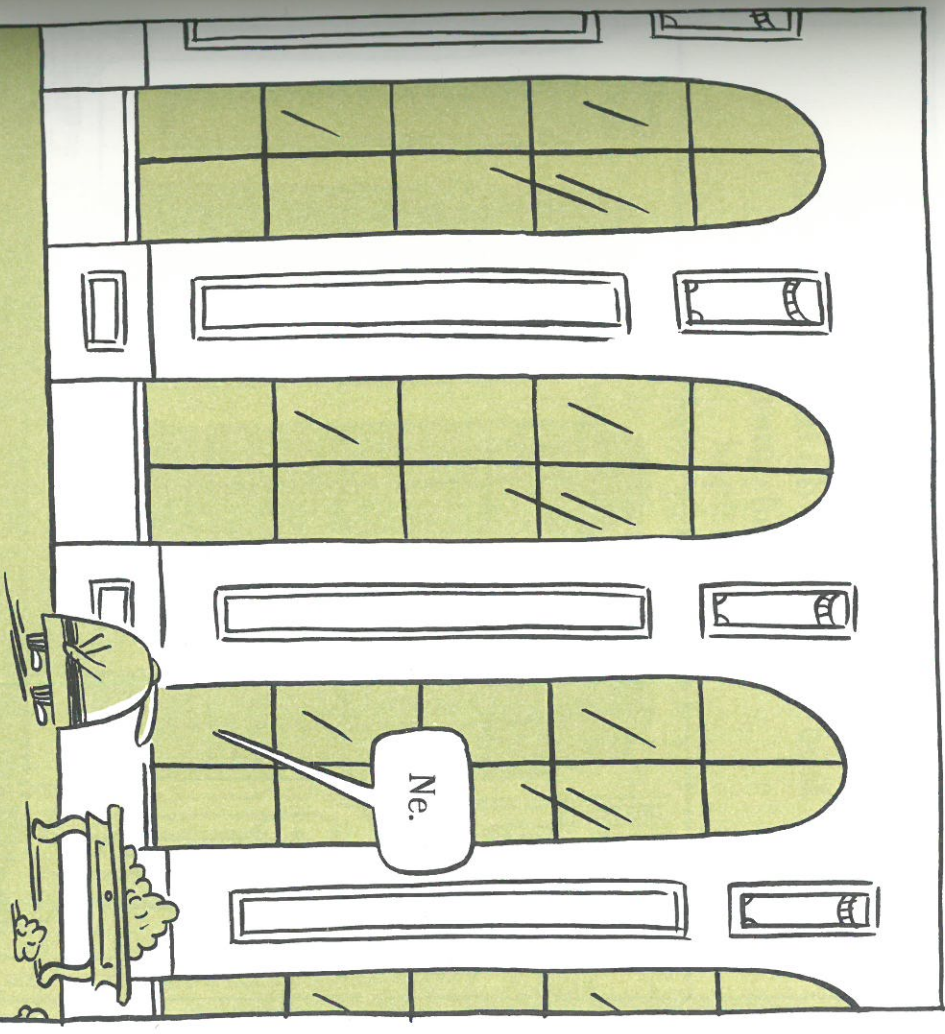

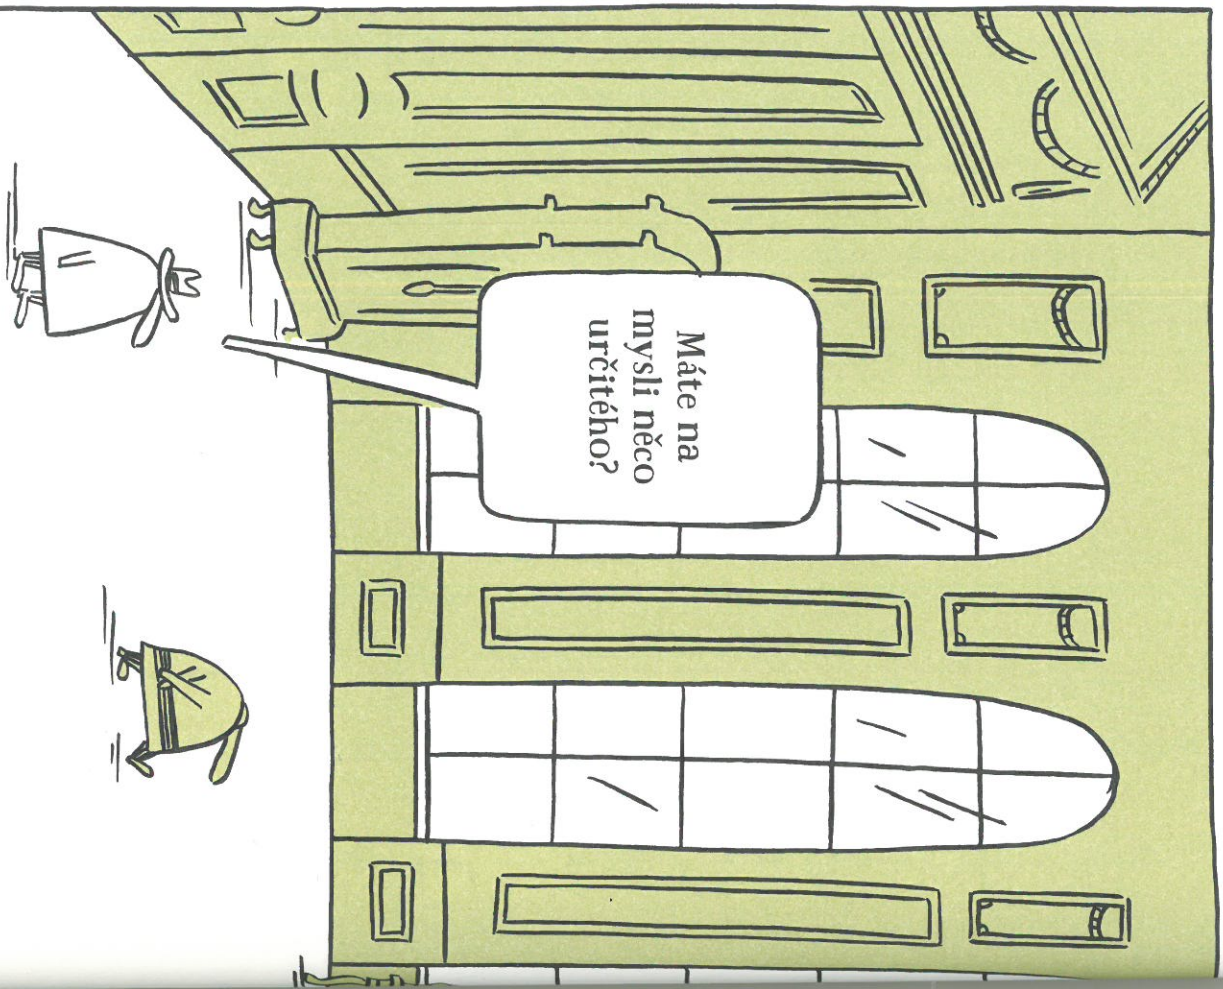

Už
jsem vás
očekával.

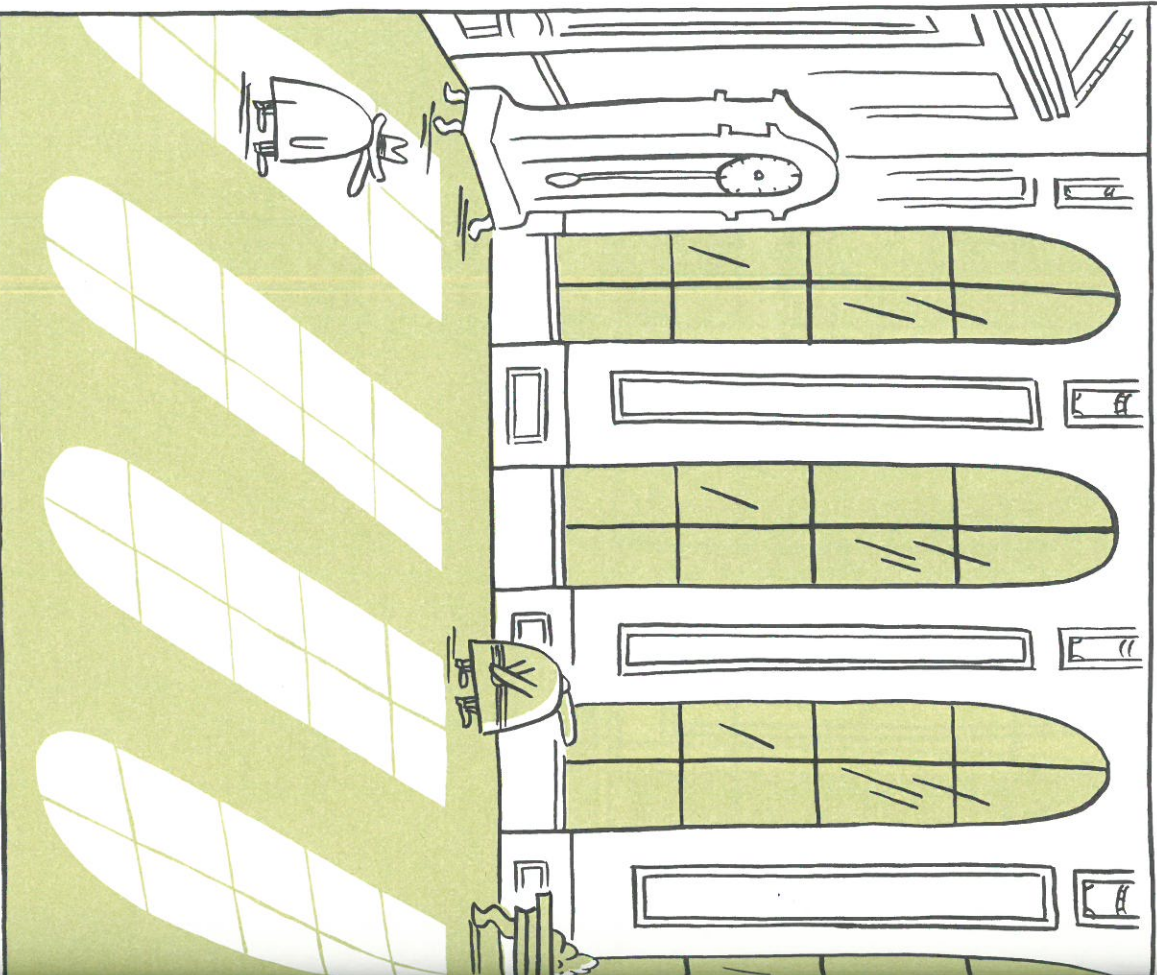

Musíme
a chceme
uskutečnit
velkou
ideu.

Máme
příležitost
a nesmíme
se jí
vyhýbat.

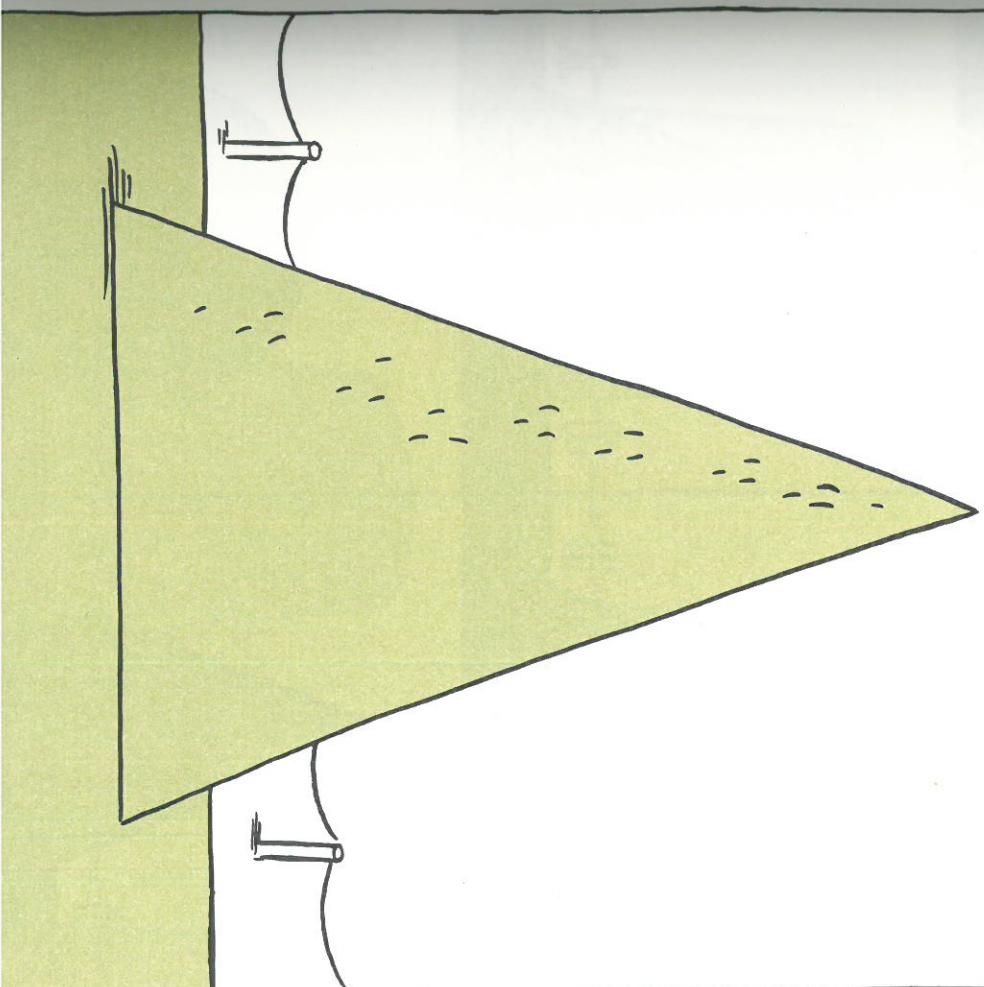

Jak lze s jistotou říct, to jediné určité,
co Jehu Excelenci až do té chvíle napadlo,
byla řada jmen.

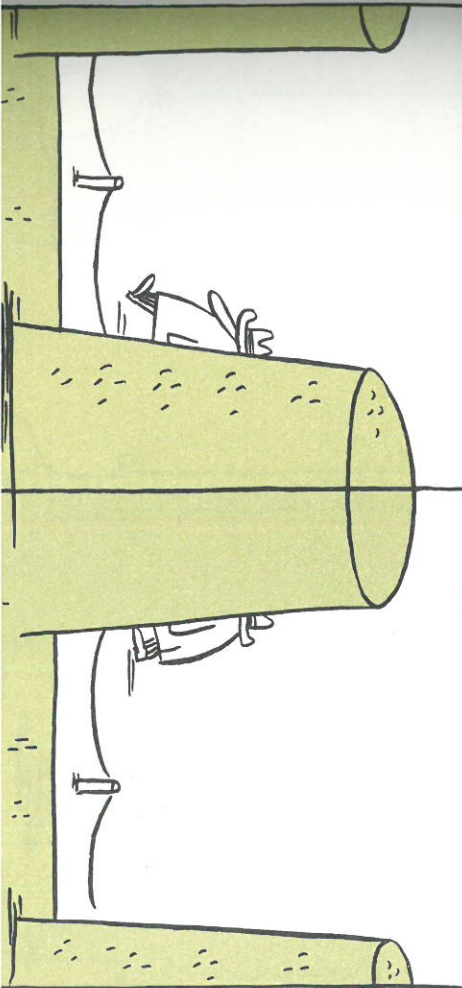

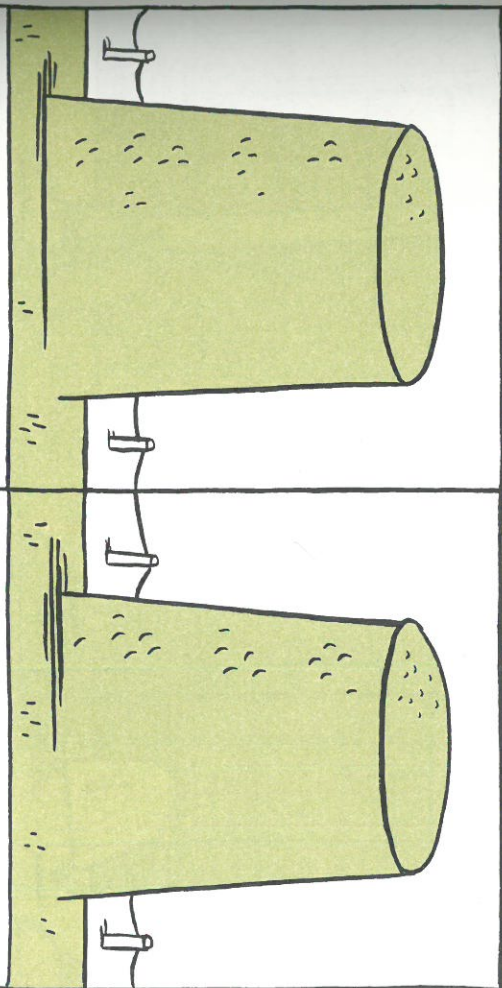

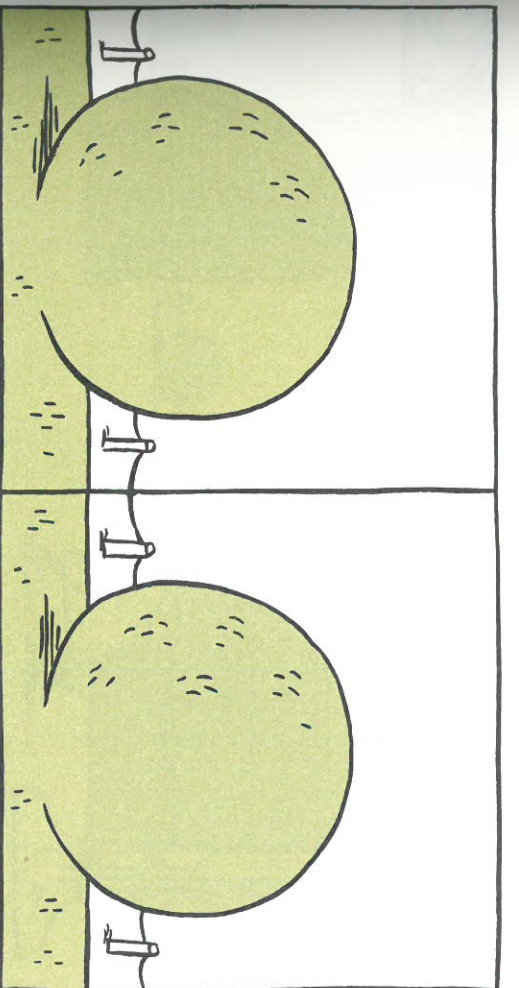

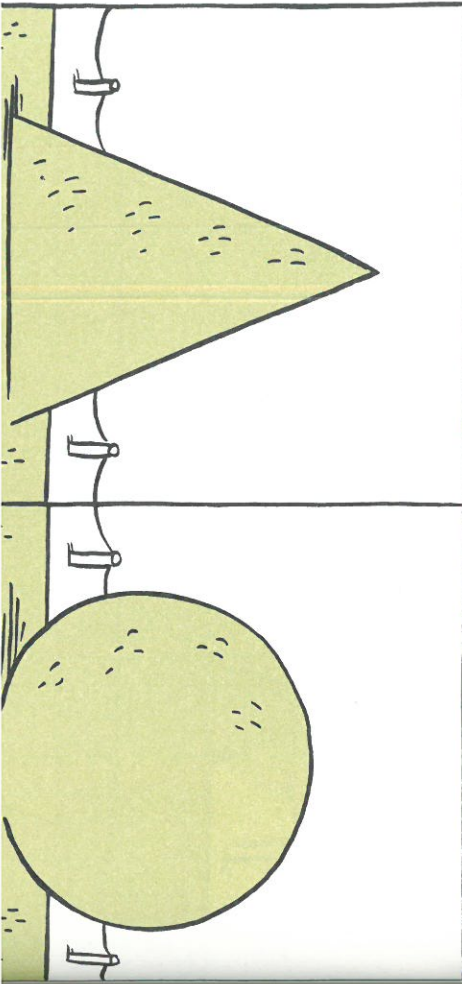

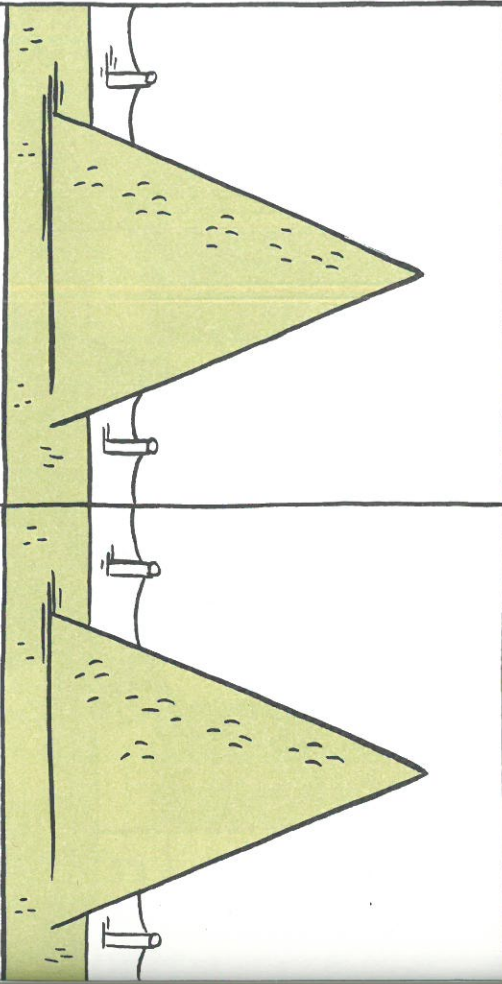

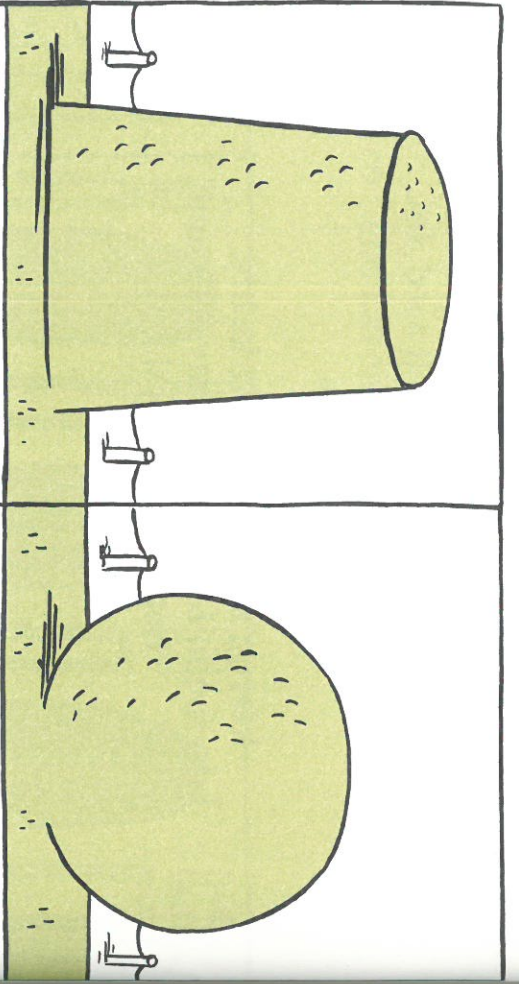

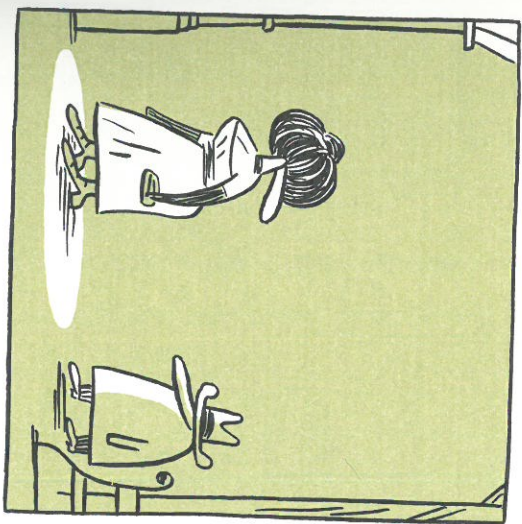

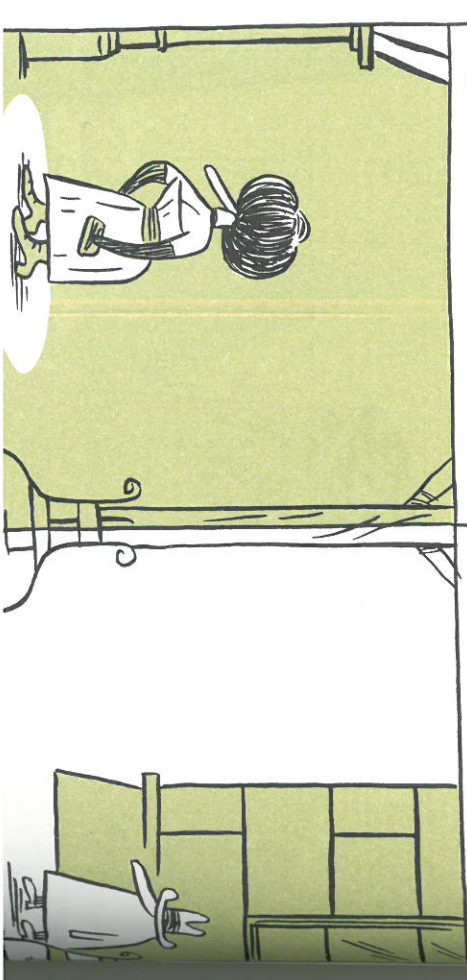

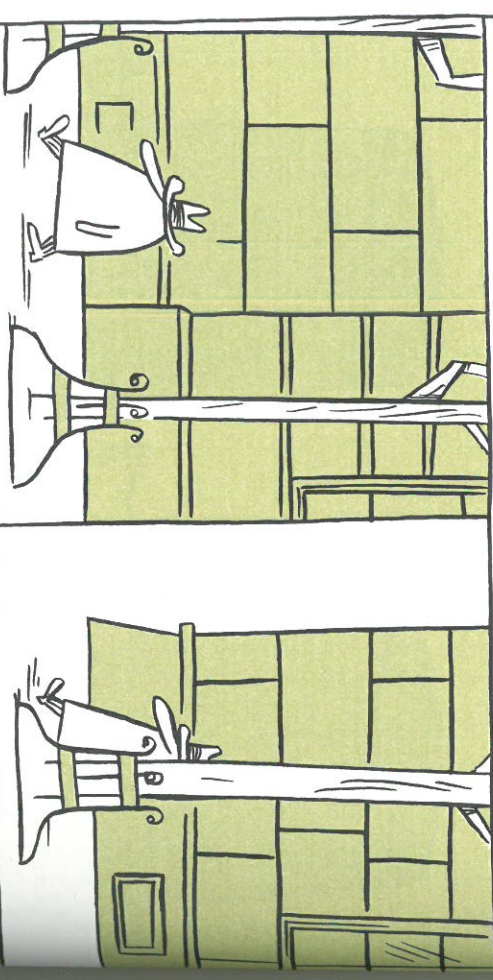

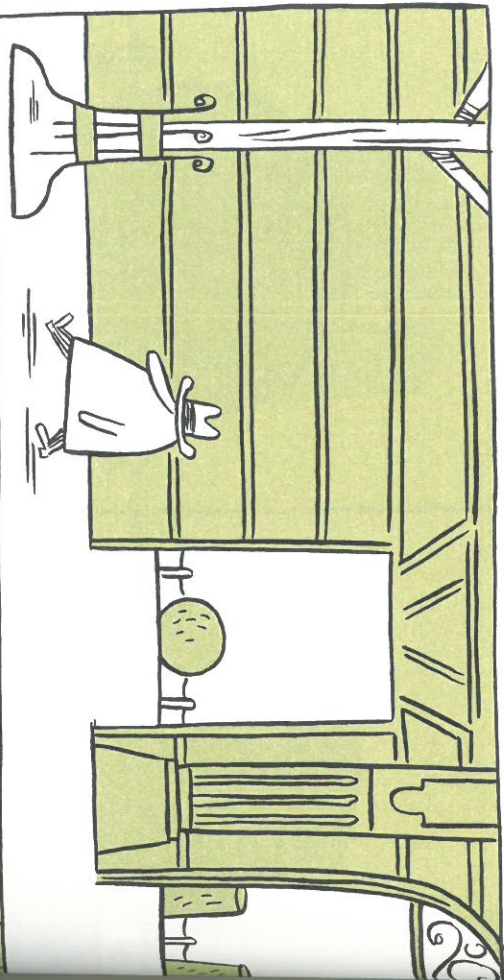

Ale i to je nesmírně mnoho.

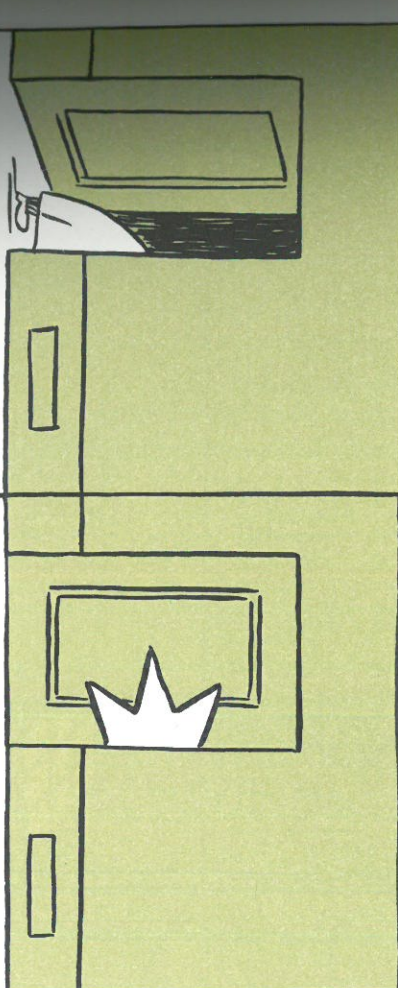

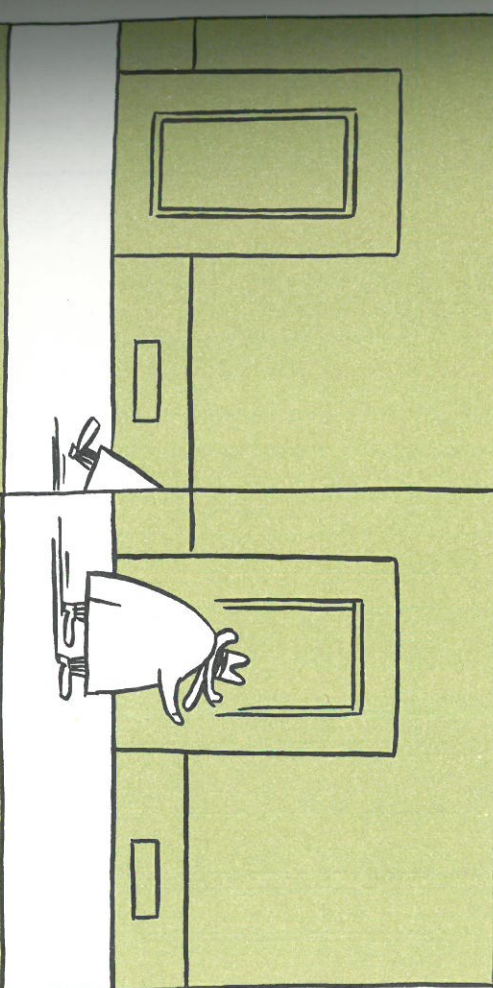

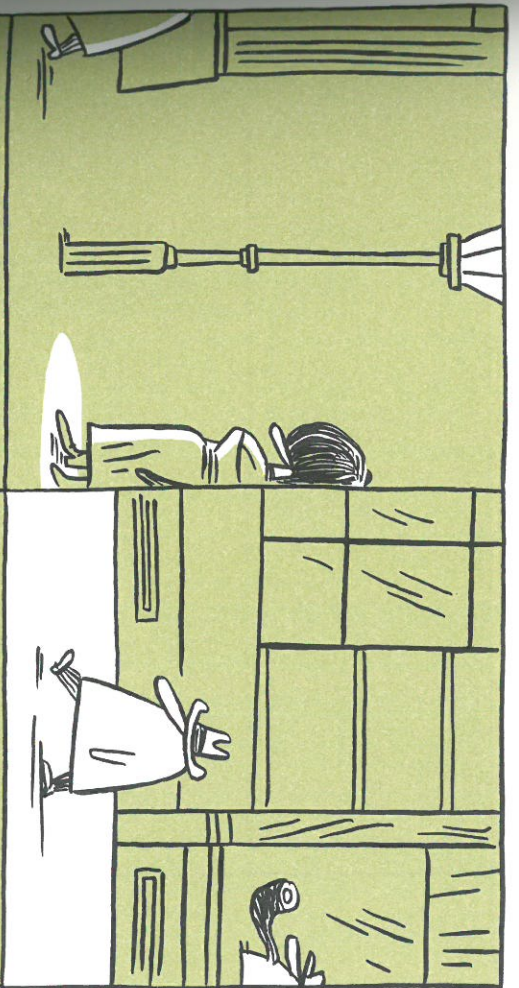

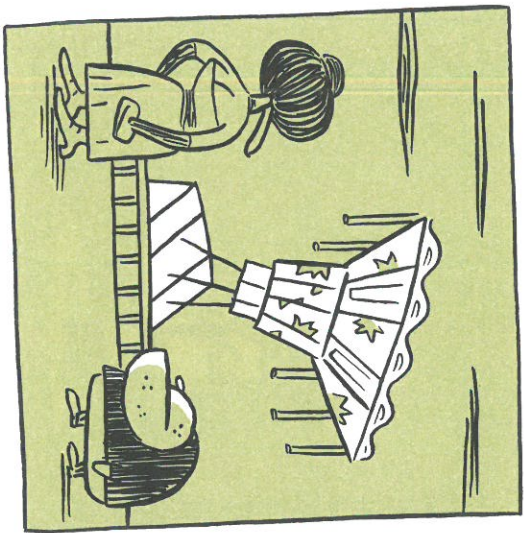

4

Kapitola,
kterou může přeskočit každý,
kdo soudí, že zabývat se myšlenkami
nemá velký smysl.

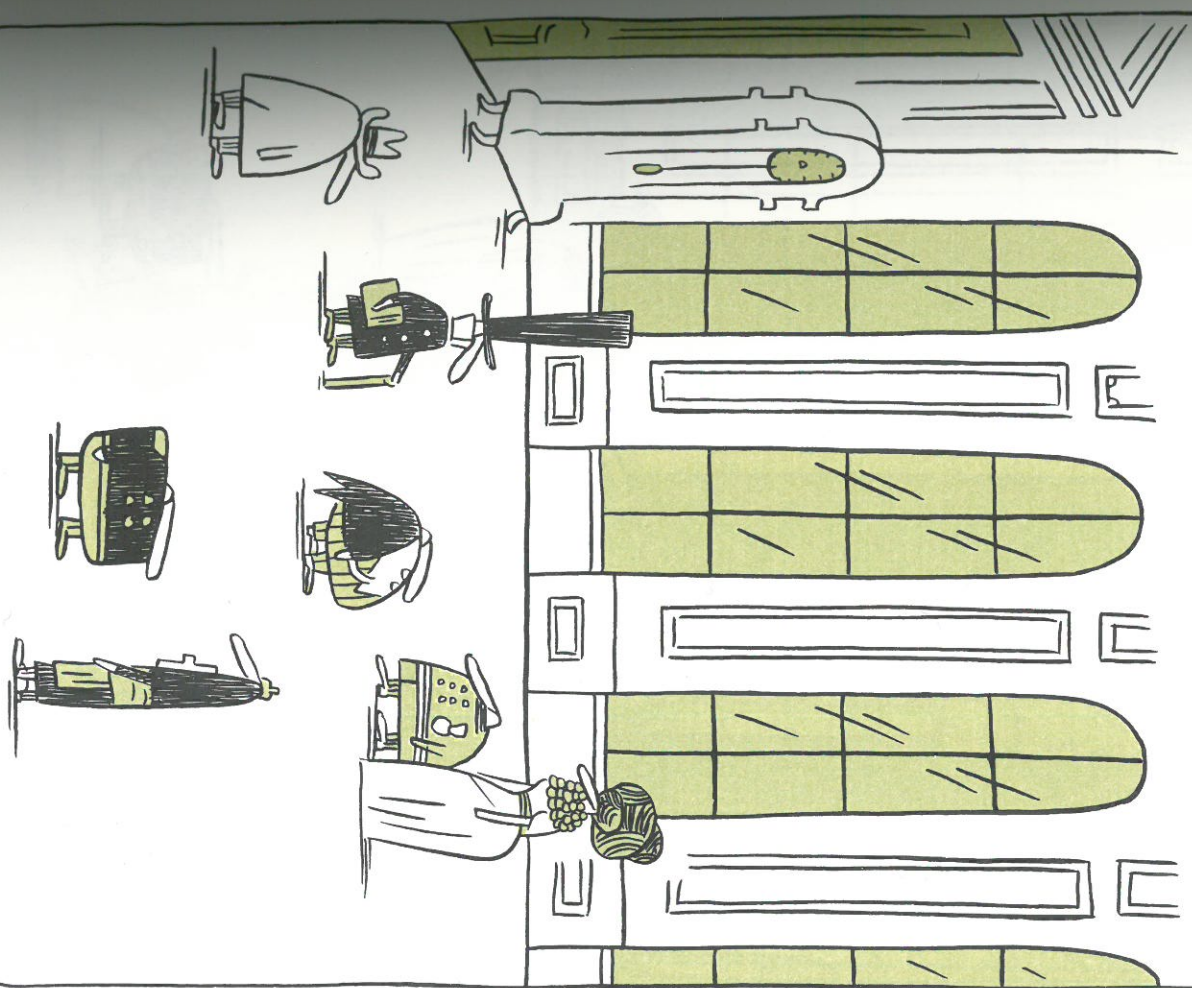

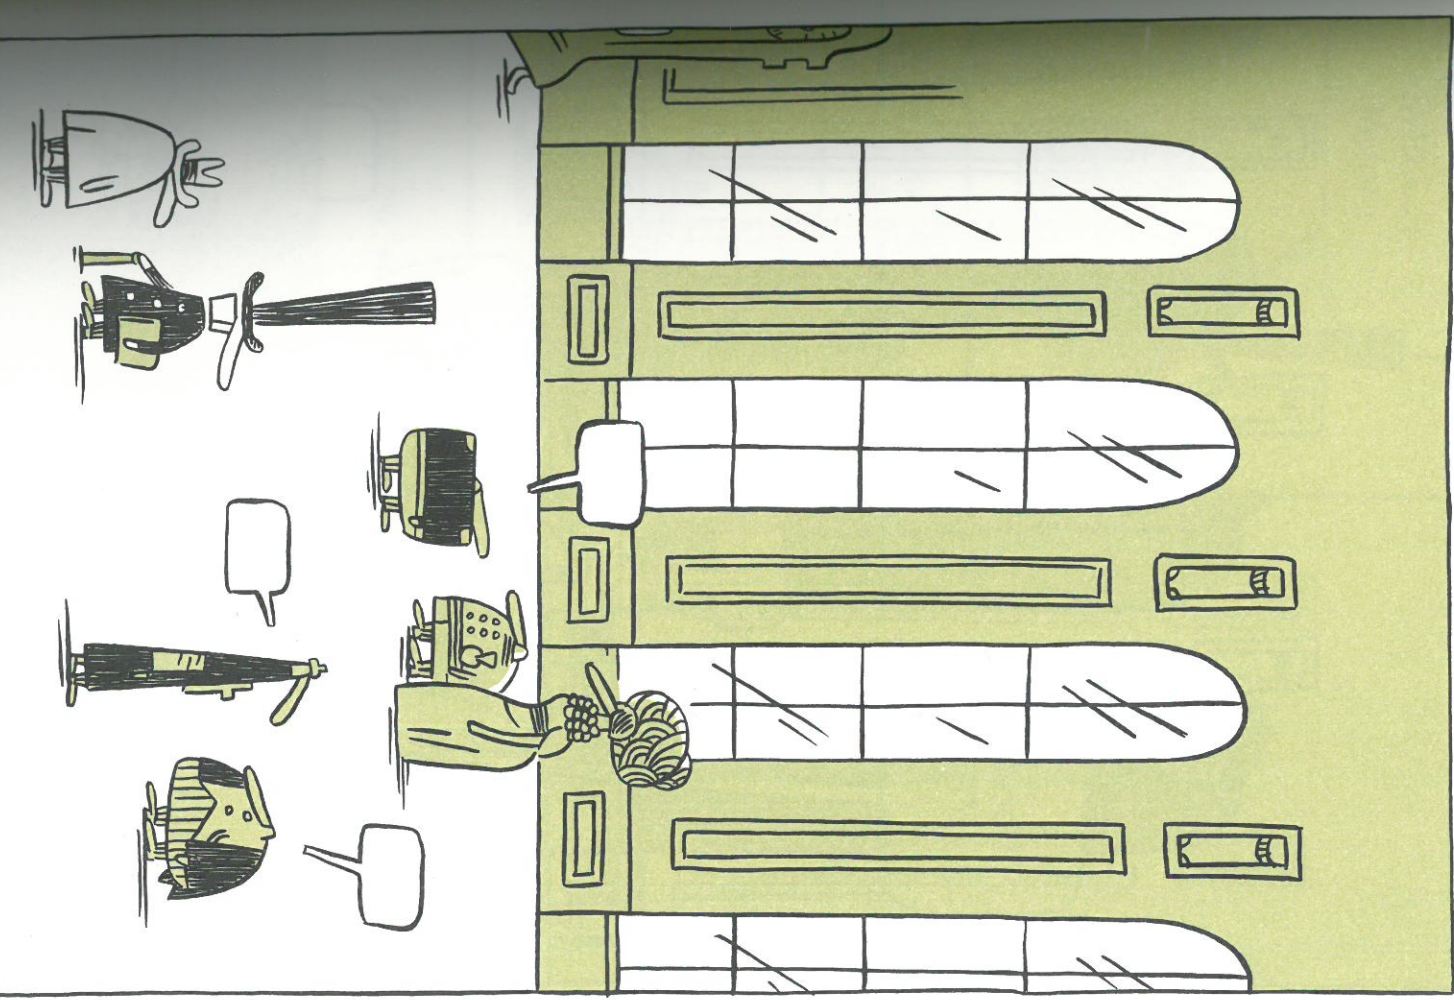

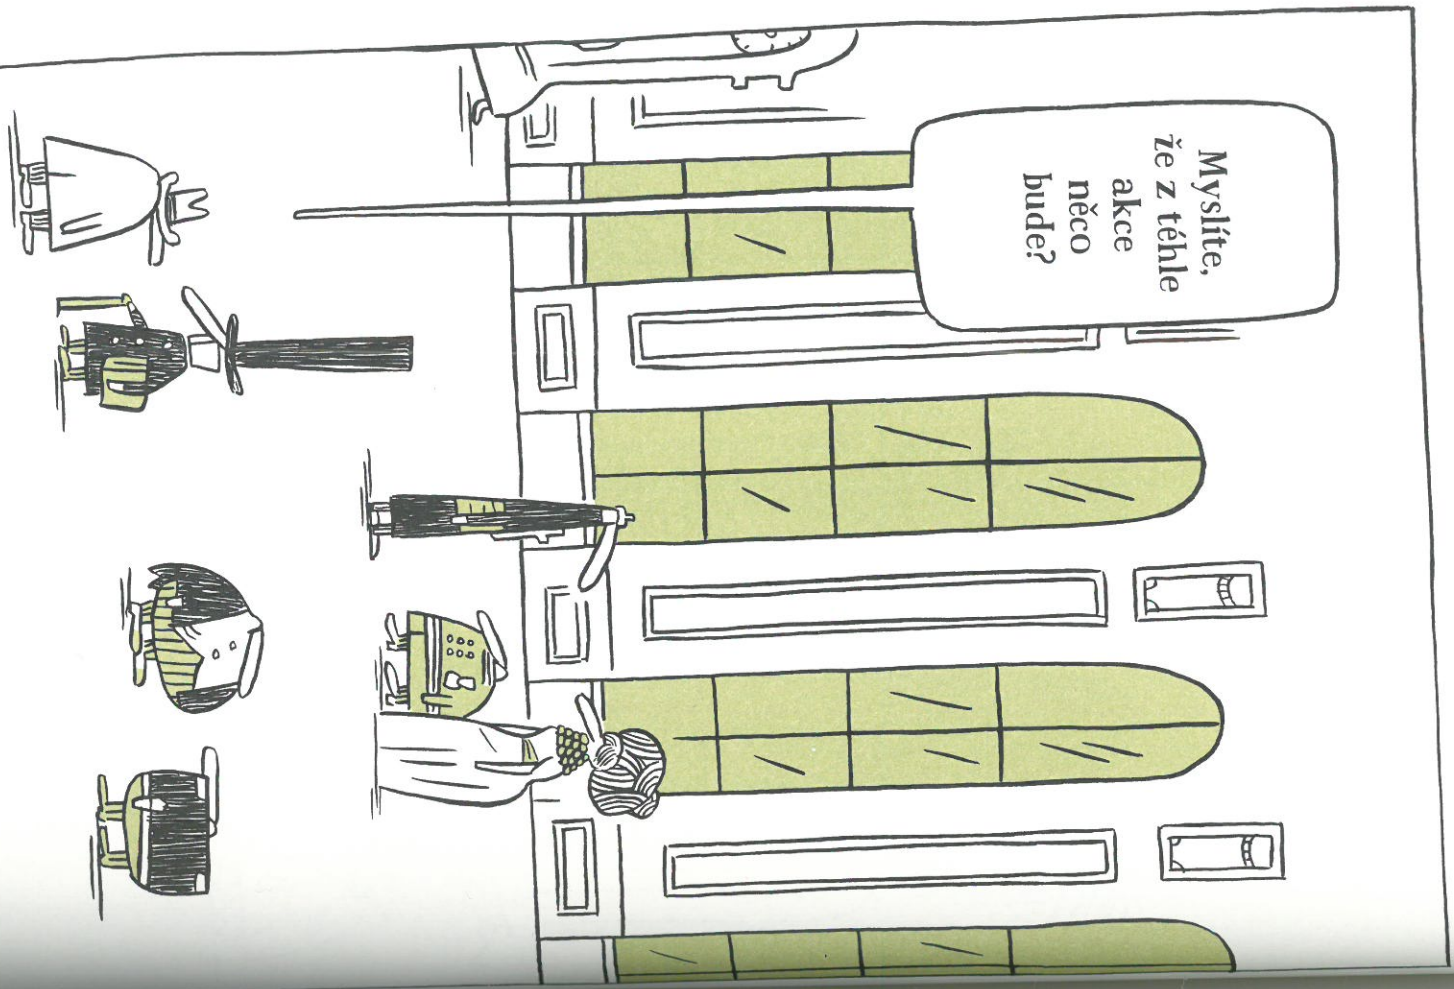

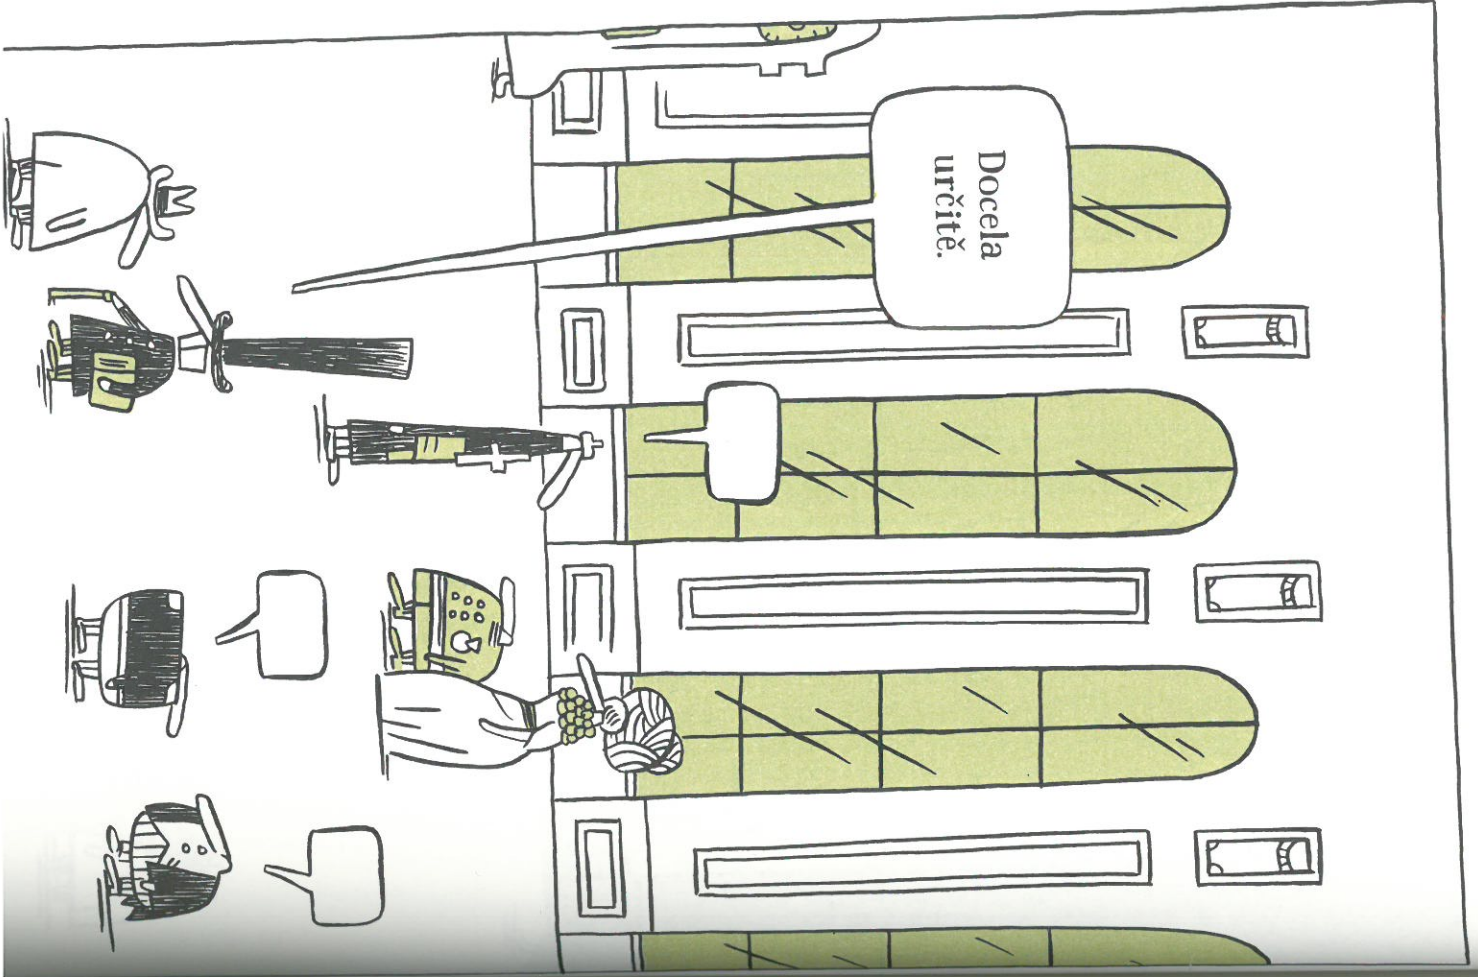

Velké zasedání

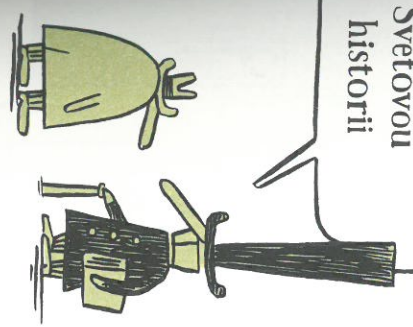

Myslíte,
že z téhle
akce
něco
bude?

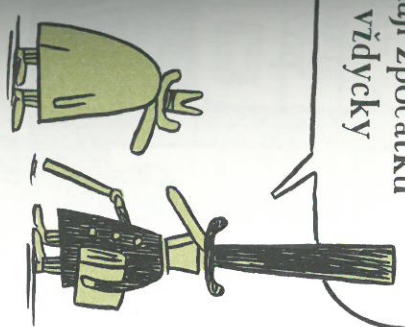

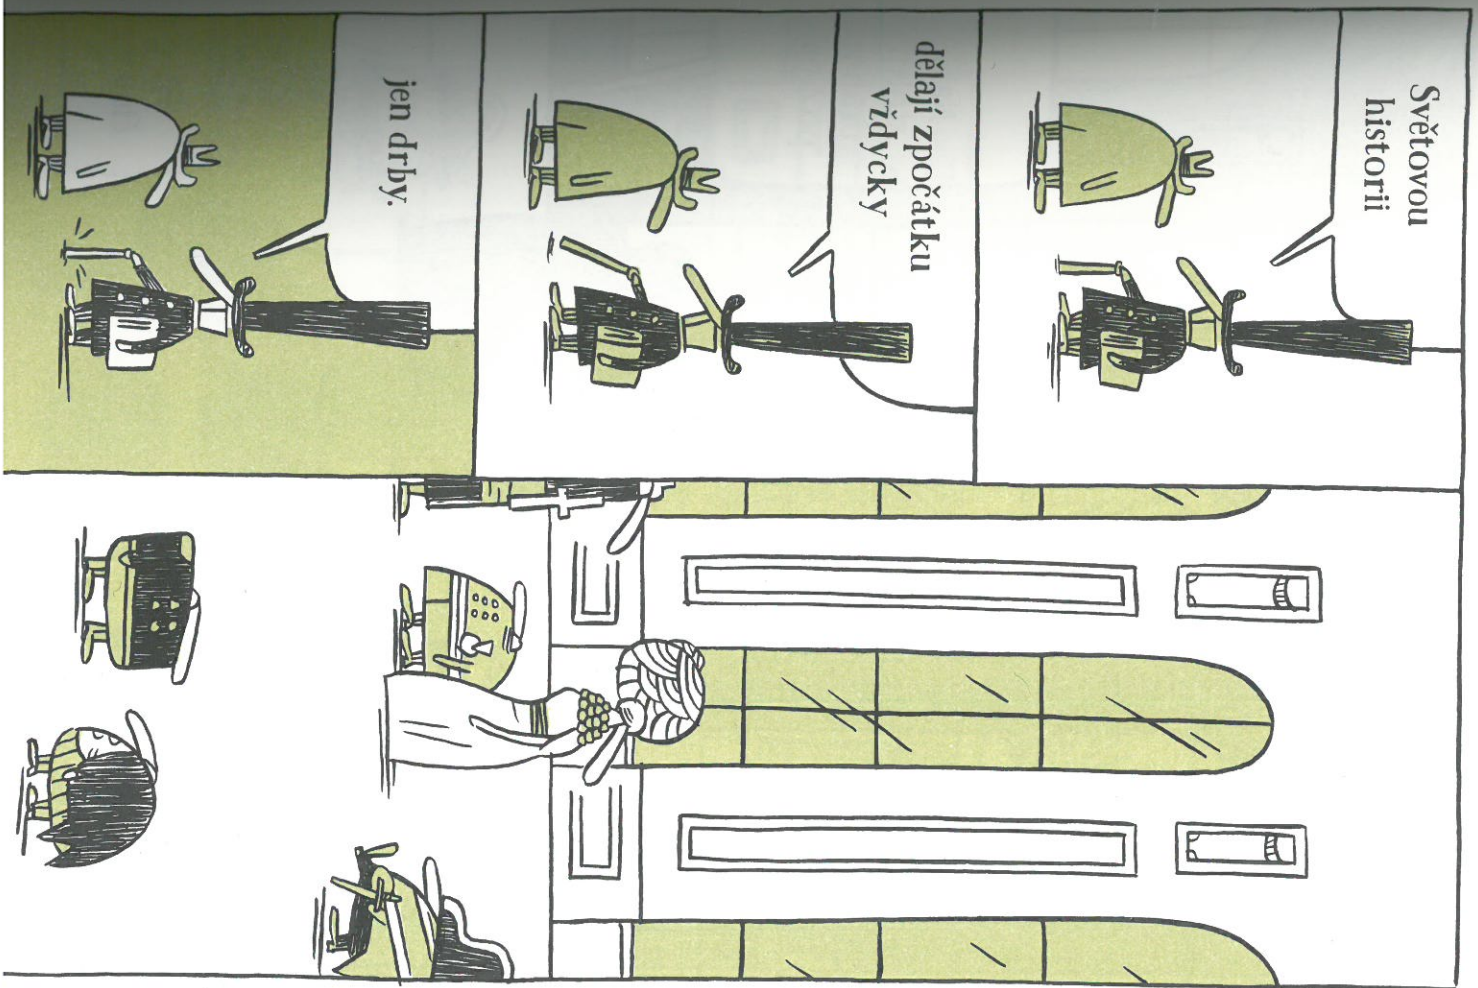

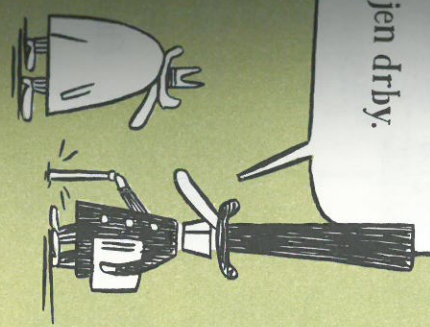

Světovou
historii

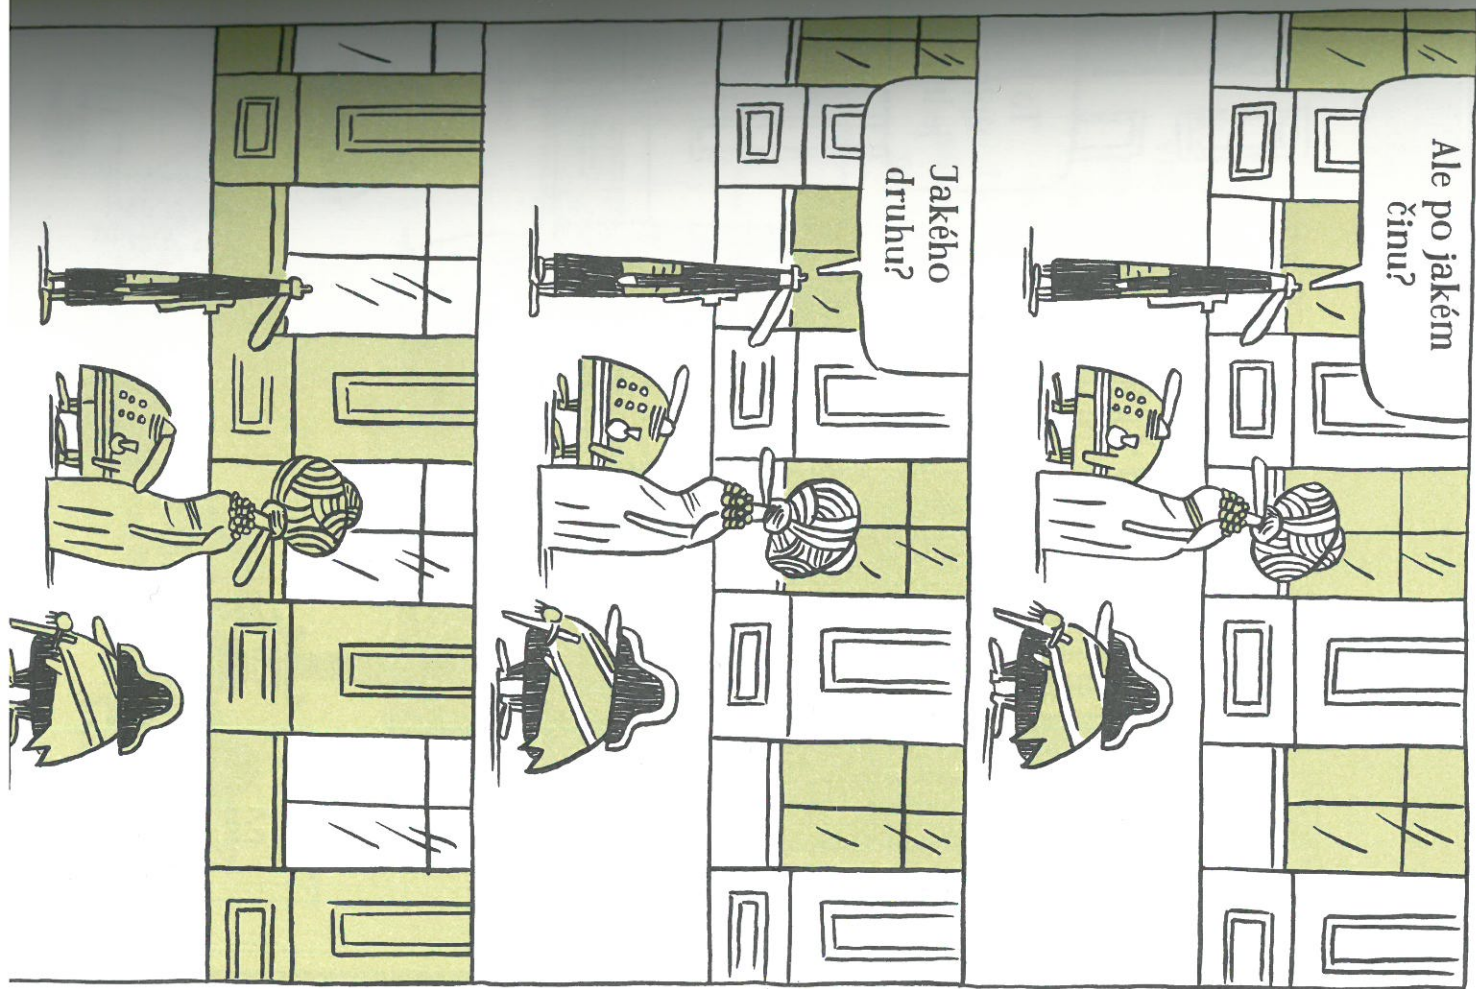

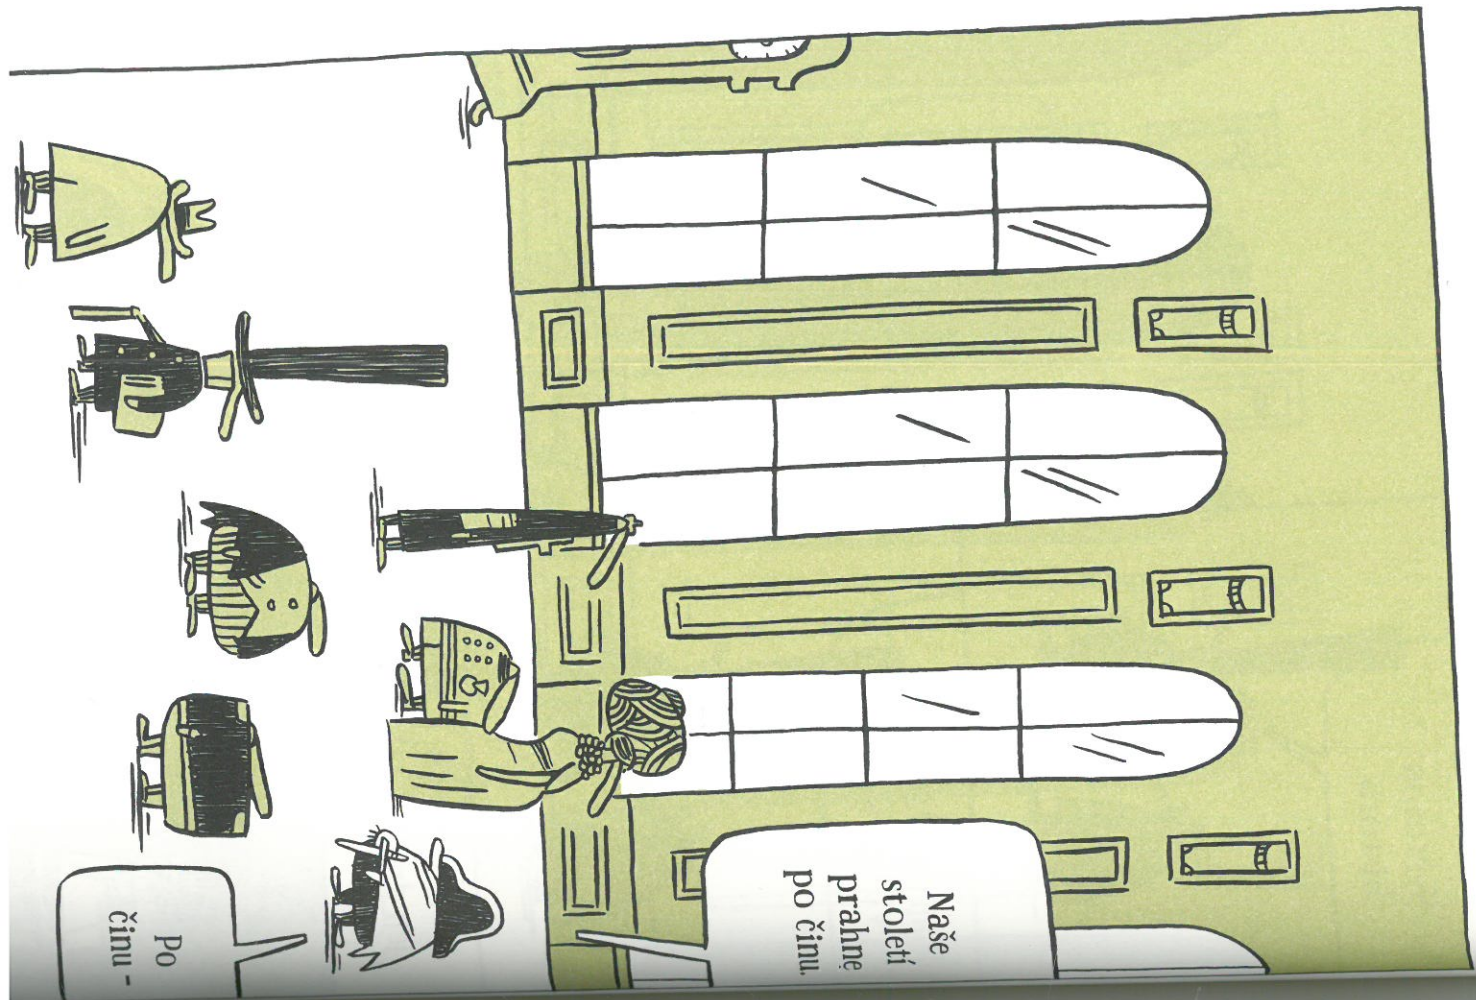

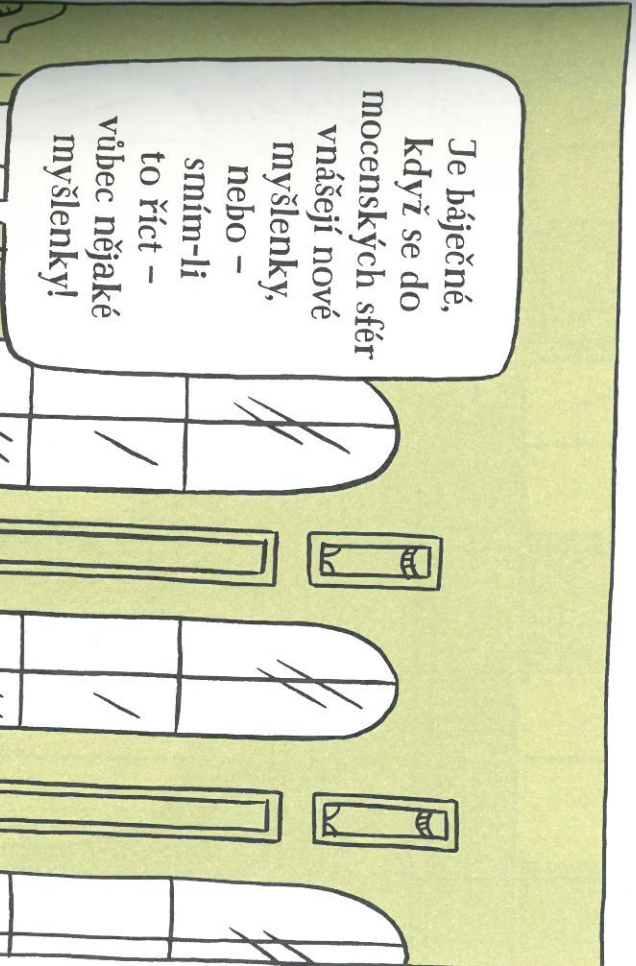

dělají zpočátku
vždycky

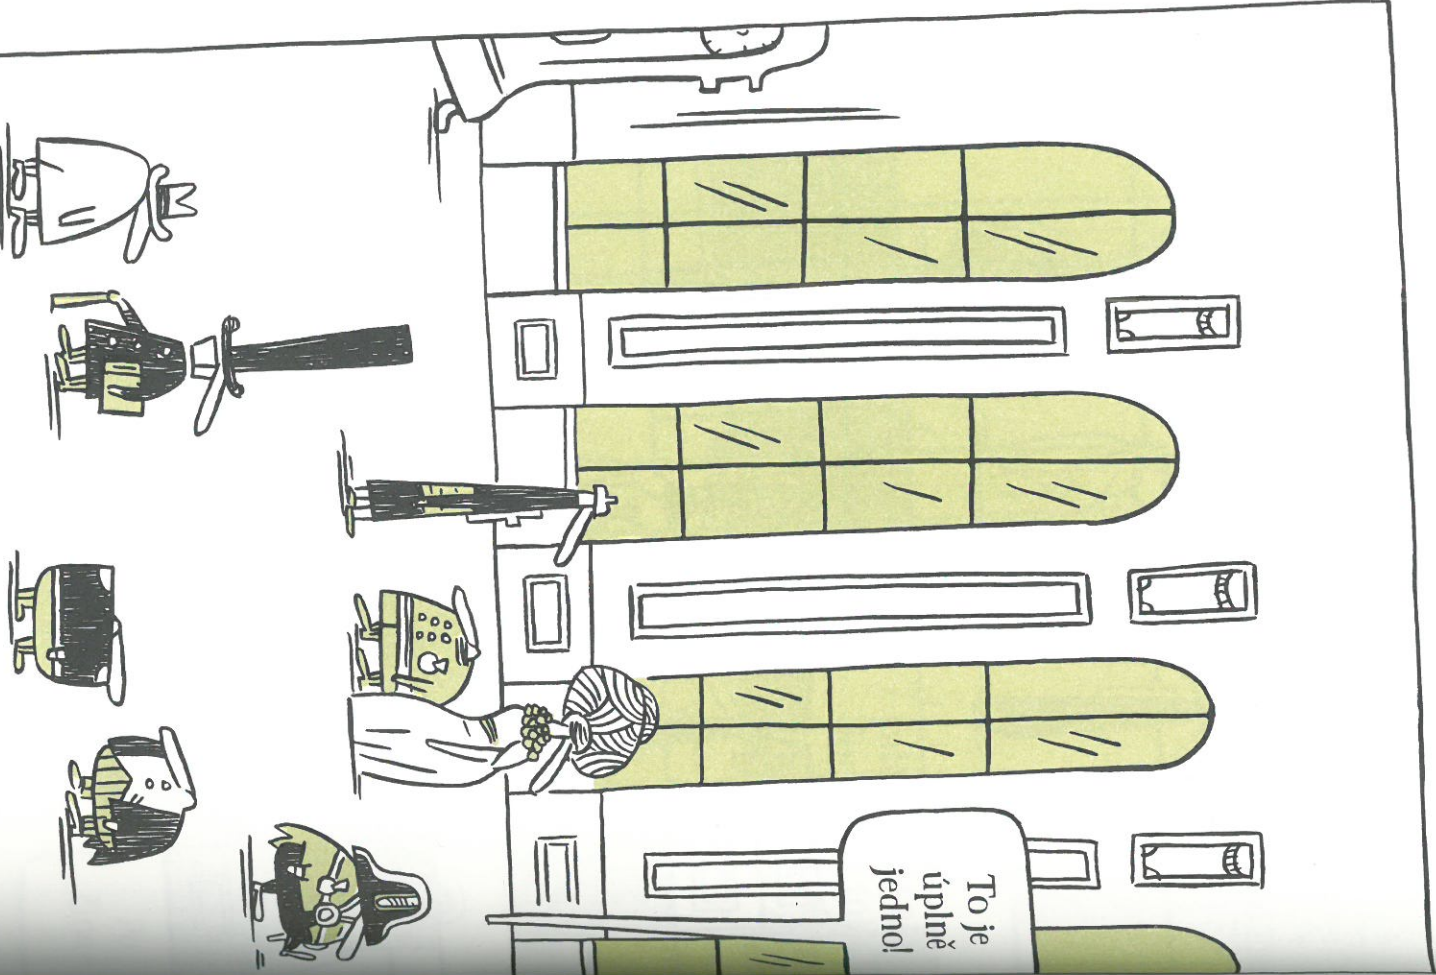

jen drby.

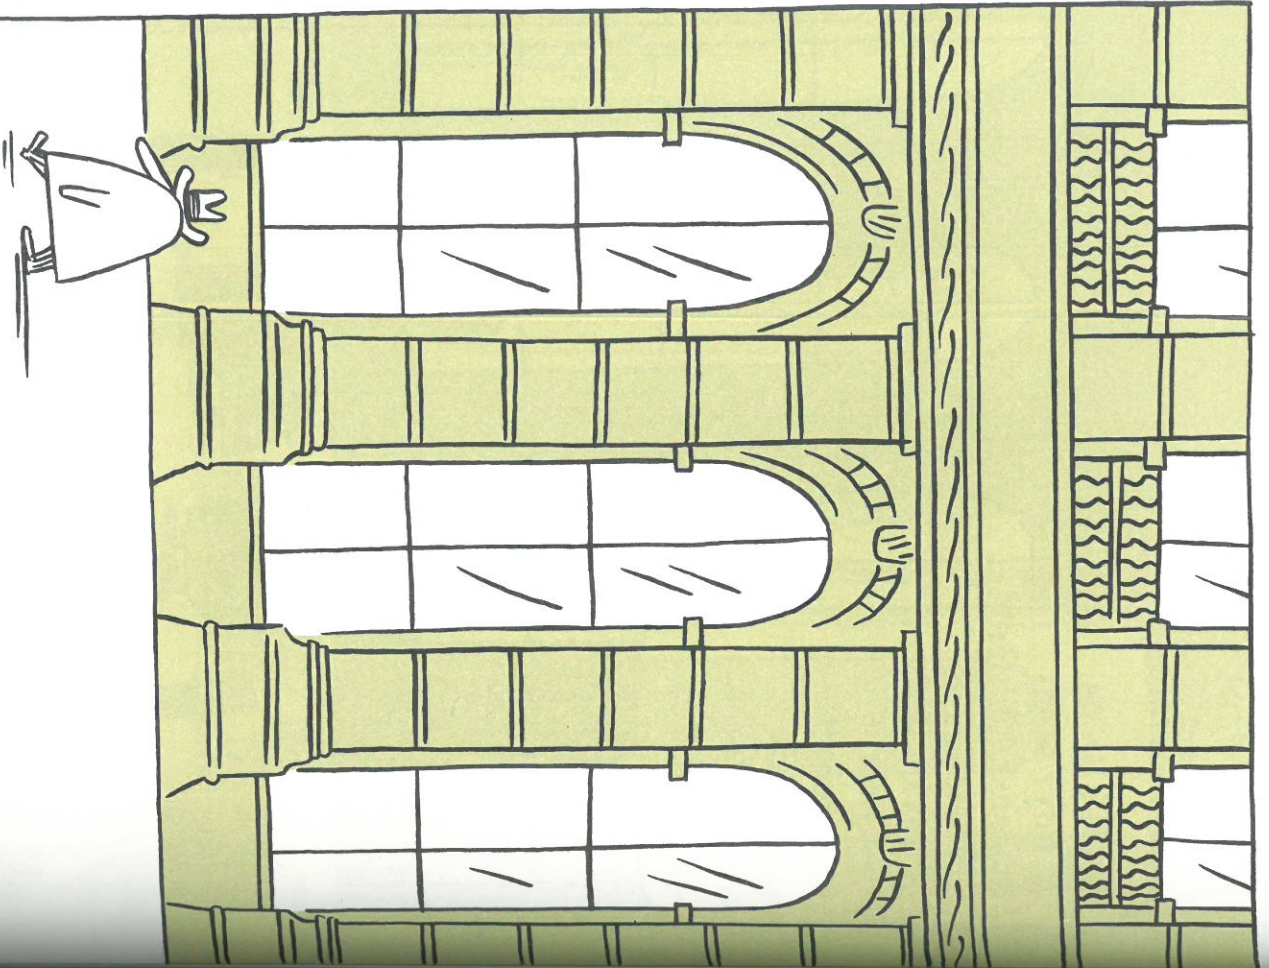

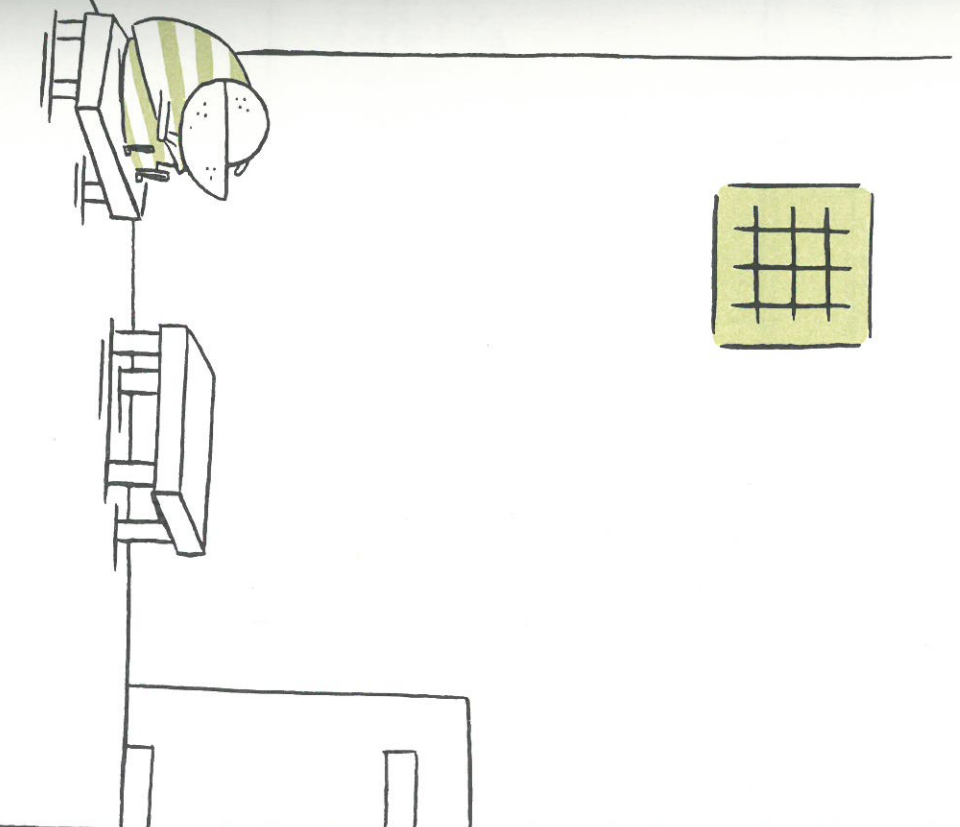

Je báječné,
když se do
mocenských sfér
vnáší nové
myšlenky,
nebo -
smím-li
to říct -
víbec nějaké
myšlenky!

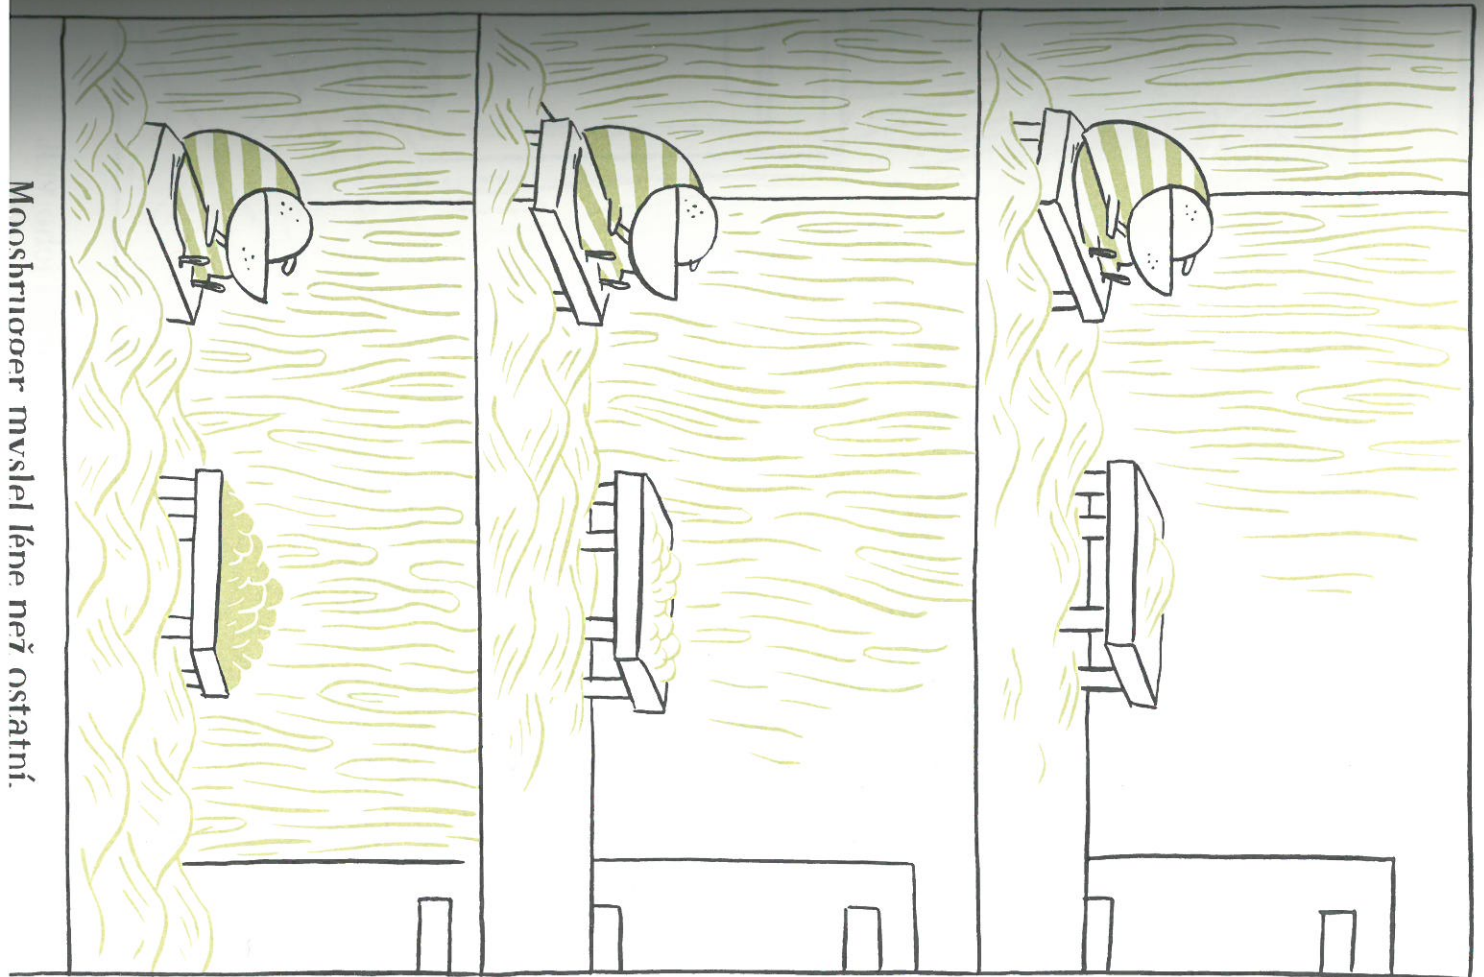

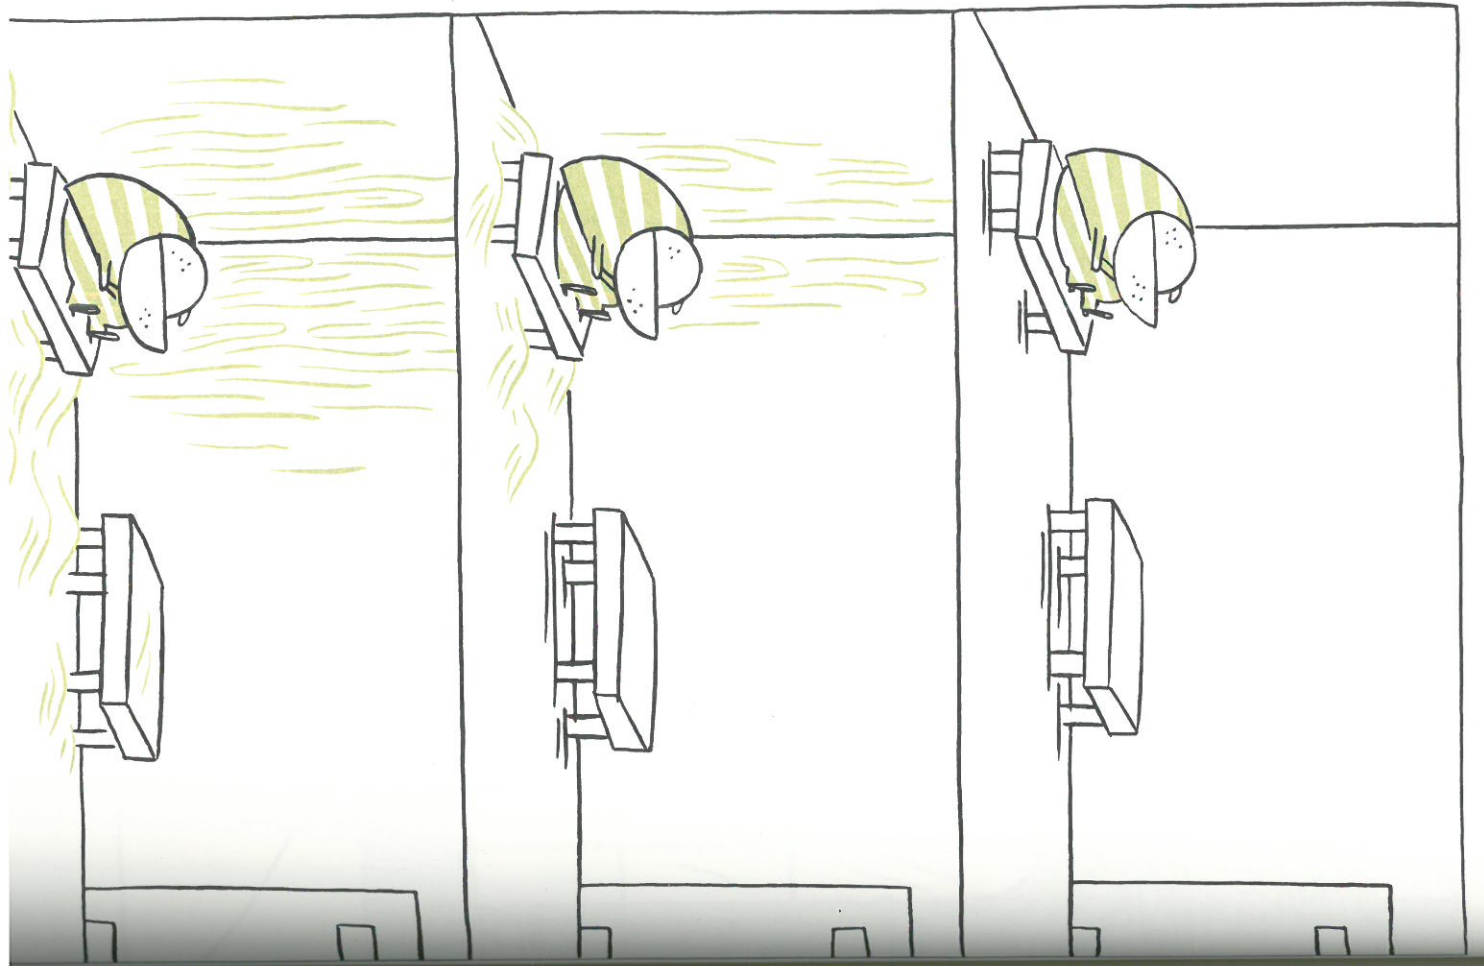

To je
úplně
jedno!

6

Moosbrugger
přemýšlí

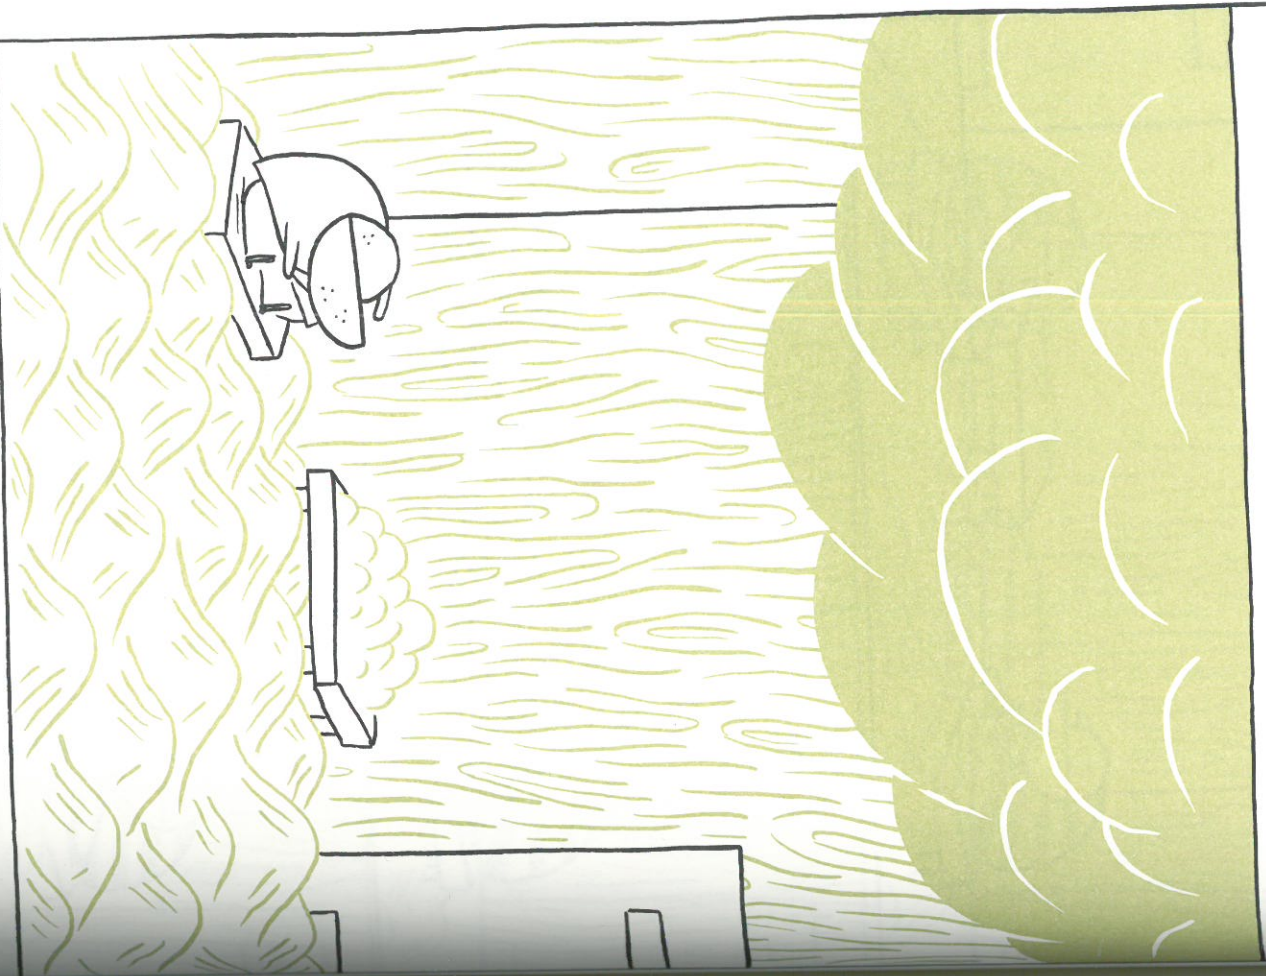

Takových rozhovorů bylo na tucty.

Mooshrigger mvslel léne než ostatní.

protože myslel vně i uvnitř.

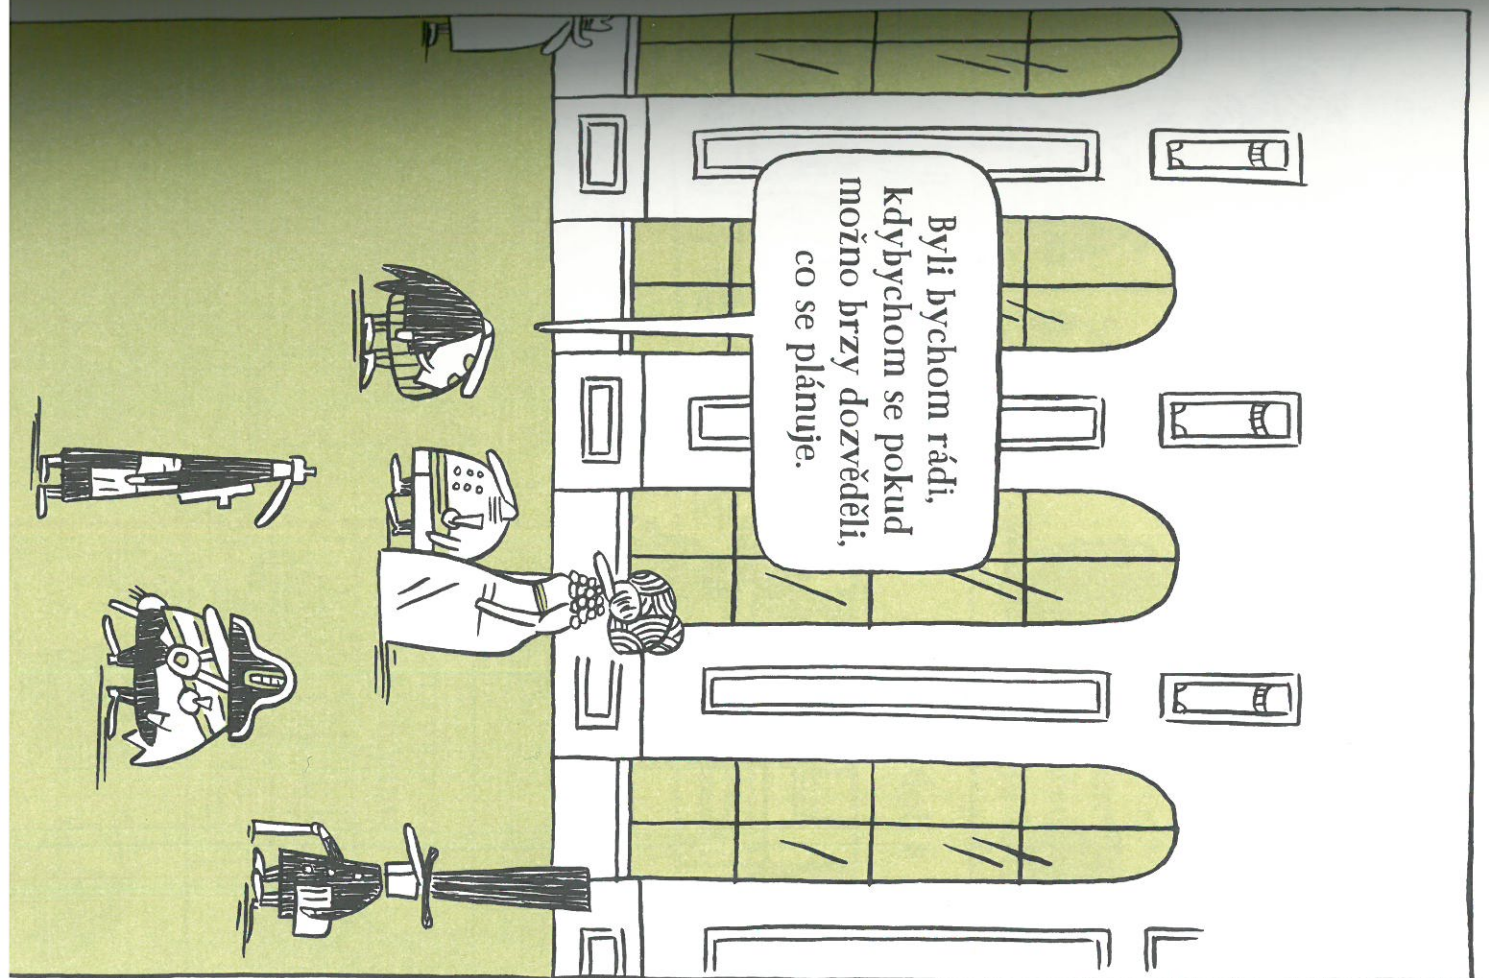

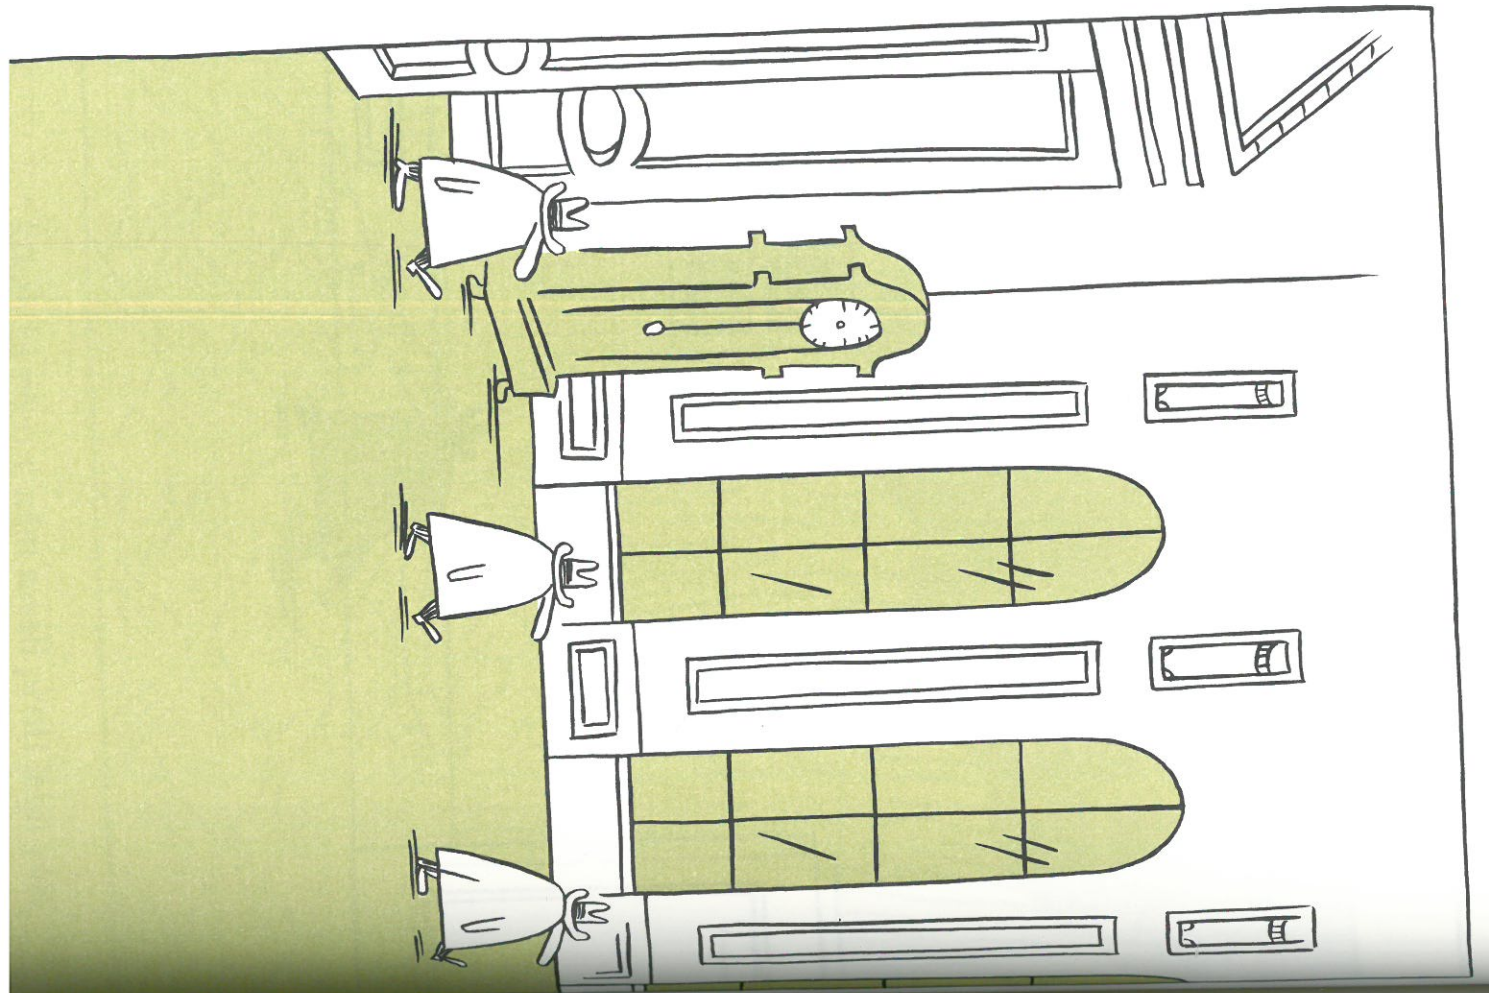

7

Další vývoj

Říkal, že něco v něm myslí proti jeho vůli.

Je tolik velikých

Které ještě nebyly
uskutečněny,

takže volba nebude
jednoduchá.

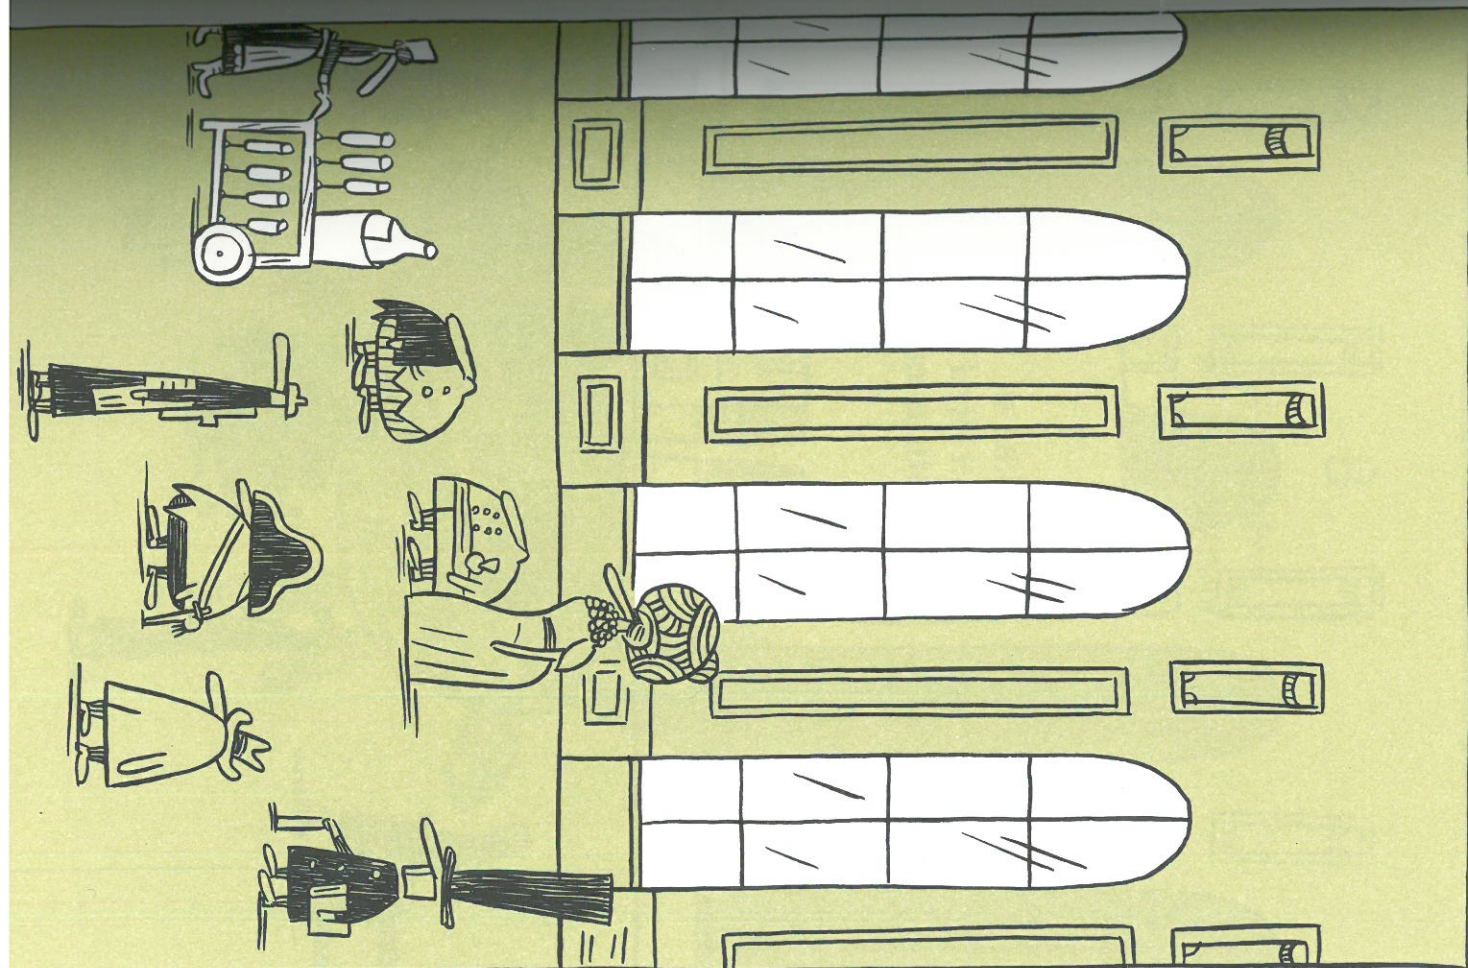

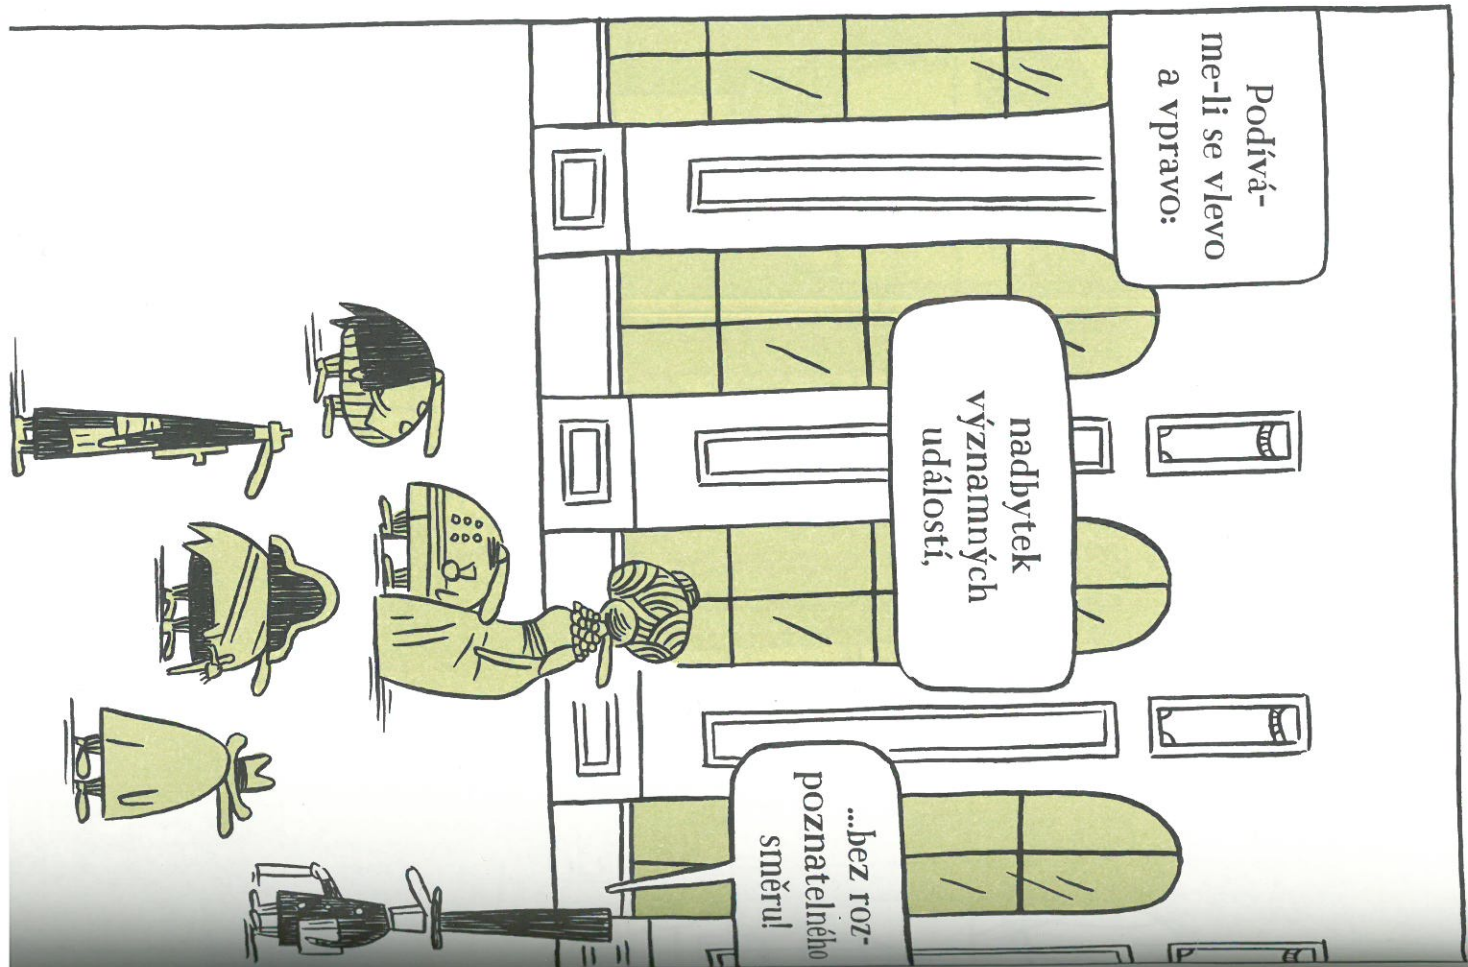

Podívá-
me-li se
před sebe:
neprůhledná
zeď!

Podivá-
me-li se vlevo
a vpravo:

nadbytek
významných
událostí,

...bez roz-
poznatelného
směru!

Při lití olova,
jež s námi tropí
osud
