TASK 1

● Severe - There were a few severely injured people in the car accident.

Chronic - Therapy of chronic kleptomania can be very expensive.

Testify ^{The} witness testified that nothing had happened. / no comma before "that" clause.

Run the risk - I am usually a shy person, but traveling is worth running the risk.

Hazard - Don't spend time with bio-hazardous spiders unless you want to be spiderman. / singular

TASK 2

Pro

1, being next to someone outdoors → significant second

● hand exposure.

2, even transient exposure cause severe health effects (f.e. DNA damage)

Con

1, people can avoid intense exposure

2, smoke disperses quickly in the open air

3, not long enough period to be exposed

4, general statement: rather repeated exposure: "dangerous"

5, creating "smoke-filled areas"

6, losing scientific credibility

- vocab work good

- points correctly para phrased from article -- some more details (in pink sources)

good +

Lucie, I'll accept it this time, but in the future please type H.W. assignments. Thanks -
